SHORTAGE

Of Cars in United States Is Greatest in History of Railroads

COAL FAMINE IS FEARED

Pittsburgh Mills Facing Serious Shortage and Agent Has Been Sent to Chicago to Buy Coal—Lumber Mills Compelled to Suspend Because of Failure of Fuel Supply

(ASSOCIATED PRESS TELEGRAM)
New York, October 21.—Railroads of the United States are suffering from the greatest shortage of cars ever experienced at this time of the year, according to figures made public here. On September 30 there was a net shortage of 61,030 cars. This compares with a surplus of 131,027 cars on October 1, 1914, and of 78,299 on the corresponding date last year.

The greatest shortage is in box cars, totalling 33,016 while coal and gondola cars are lacking to the extent of 19,872. The greatest shortage of box cars is in the granger states while the lack of coal and gondola cars is felt most severely in the central and eastern sections. Railway men say the high point of the shortage will be reached some time next month and that mild weather would tend to minimize the difficulty.

LUMBER MILLS CLOSE.
(ASSOCIATED PRESS TELEGRAM)
Charleston, W. Va., Oct. 21.—Lumber mills at Baskin, La., of the West Virginia Lumber company will be closed indefinitely by January 21, according to an announcement made today. The company says it has plenty of orders but shortage of freight cars prevents shipments with any regularity. Several big Louisiana mills have already quit operations for this season.

DEALERS ARE OUT.
(ASSOCIATED PRESS TELEGRAM)
Warren, Ohio, October 21.—This city is facing a coal famine and the condition is more intense since the mercury dropped yesterday. Three local dealers today refused to accept any orders. Scarcity of coal cars is given as the reason for the shortage.

COAL SUPPLY SHORT.
(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Pa., October 21.—Railroads and mills in the Pittsburgh district are facing a coal famine and it was stated here today that for the first time in years an agent had been sent to Chicago in the hope of buying coal. Prices also are advancing but consumers say they would be willing to pay if they could get coal. The shortage is laid to the extraordinary demand and to the car shortage which has become acute. Associations of coal operators reporting that the output of mines in the bituminous district of western Pennsylvania and eastern Ohio is seriously curtailed because of their inability to get cars. Official reports of the Kanawha coal operators' association at Charleston, yesterday were that only 160 cars were available where 600 were needed.

SYRIAN FUND SUBSCRIBED TO THROUGHOUT U. S.

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 21.—Subscriptions will be taken throughout the United States today and tomorrow for the relief of the destitute and starving Armenian and Syrian subjects of the Turkish empire in accordance with a proclamation issued by President Wilson. An appeal has been issued to the 17,000,000 Sunday school children of America to contribute. Armenians and Syrians in this country are fasting today in order to give the money usually spent for food to the American committee for Armenian and Syrian relief and other organizations engaged in similar work.

This committee estimates that about \$5,000,000 is needed for Armenians alone and that at least \$1,000,000 is necessary for the relief of the Syrians. The committee says: "There were 2,000,000 Armenians when the war began. Three quarters of a million have perished. A quarter of a million are refugees in other countries, especially in Russia. One million remain but upon their feet again. Christian America must do it. Most of the remaining Armenians are utterly destitute, emaciated and starving. The situation of the Syrians is similar to that of the Armenians."

Miss Aneesa Sahadi of this city has been authorized to receive subscriptions for this fund from Newark people. She may be found at her father's grocery and fruit store in South Third street.

Germany Will Not Lose Her Colonies Says Secretary

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 21.—Dr. Krauss, under secretary of the colonies, speaking at a celebration of the Berlin Missionary society, declared his conviction that Germany would not lose her colonies, according to a Reuters' Amsterdam dispatch quoting the Cologne Gazette. Dr. Krauss said that his conviction was shared by Dr. W. S. Solf, colonial secretary. In the course of his speech, Dr. Krauss praised the natives who were fighting shoulder to shoulder with Europeans in German East Africa. He declared that the fate of colonies has always been decided on European battlefields and that the present decision must be left to the army and navy. "Dr. Solf," he said, "would also like to inspire you with the same confidence and firm conviction which he feels that we shall not lose our colonies."

GERMANS RESIST BRITISH ATTACK; GAIN ON DANUBE

(ASSOCIATED PRESS TELEGRAM)
Berlin, Oct. 21.—On the Somme battlefield heavy fighting continues, says the official statement given out today by the German army headquarters staff. English attacks on the German positions between Le Sars and Baucourt l'Abbaye, failed, the announcement says. German troops have forced their way into several points of the main positions of the Russians and Rumanians south of Rachova, on the Danube in Dobrudja. The troops of the central powers captured the Black sea town of Tuzla after stubborn fighting and stormed the heights northwest of Toprai Sarl and the heights northwest of Mulciova. Some 3000 Russians have been captured by the Teuton and Bulgarian forces and 22 machine guns were taken. The foregoing was announced in the official statement issued today by the German army headquarters.

Russia attempts to take trenches on the west bank of the river Stokhod, in Volhynia, were frustrated yesterday by troops under command of Prince Leopold of Bavaria with heavy losses to the attackers. On the river Narayuvka, in Galicia, the statement adds, the Germans captured Russian positions northwest of Skomorochy, taking 150 prisoners and seven machine guns.

WILLIS IS WORRIED OVER TAX MATTER; MAKES NEW PROMISE

(ASSOCIATED PRESS TELEGRAM)
Jackson, O., 21.—In a speech at McArthur today, Governor Willis announced that he would propose to the legislature this winter a bill to abolish the remaining state direct tax levy, except the road levy, just as far as economy would warrant. Governor Willis stated that his investigations of the matter had gone far enough to lead him to believe that most, if not all, of the levy producing a million dollars annually, could be abolished. The governor said no additional taxes would be added.

He stated the interests of state educational and correctional institutions would be carefully conserved. He stated that in taking such action he would be following out his plan of economy in state government. "I do not propose to make any promises for campaign effect," said Mr. Willis, "but I think we can make such if not a complete reduction of this small remaining direct levy."

The governor pointed out that this would aid hard pressed cities and subdivisions in solving their problems and would bring the economies effected by the Willis administration home to the taxpayer. The governor stated he would not recommend a reduction of the levy for good roads.

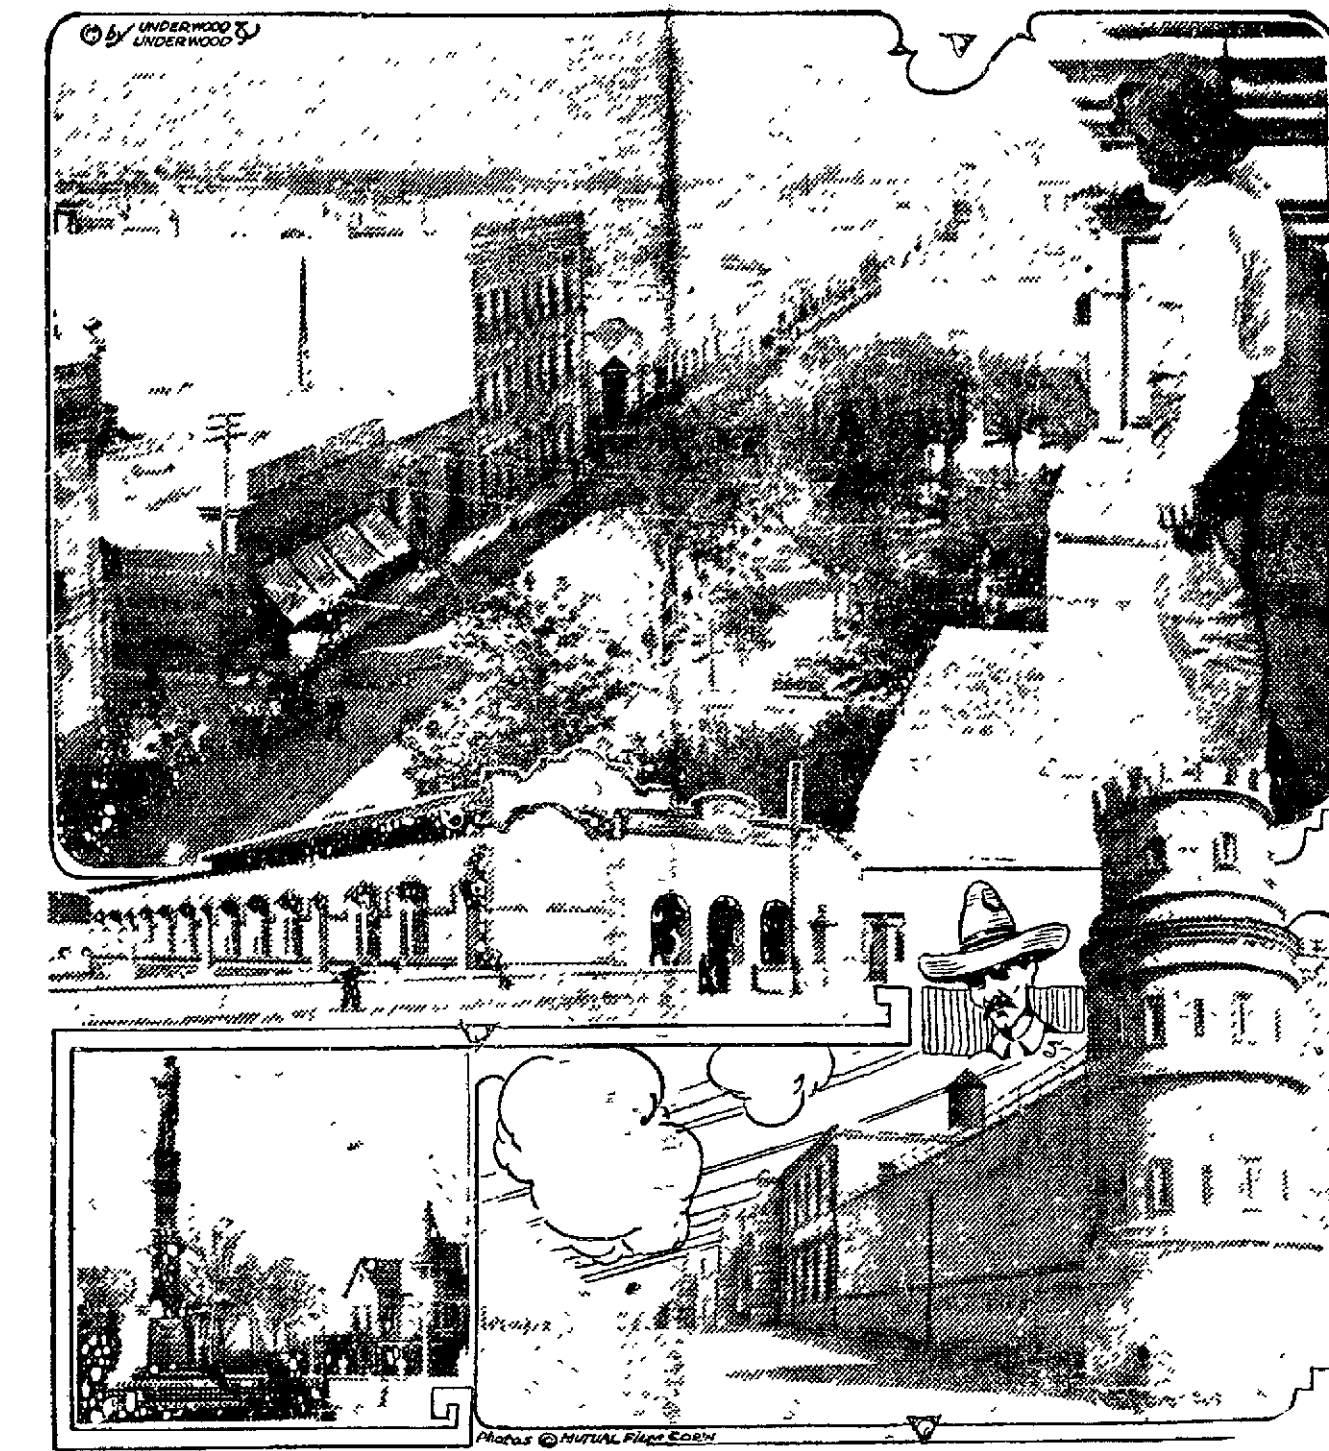

VOLUNTEERS FOR AMBULANCE WORK LEAVE FOR FRANCE.

(ASSOCIATED PRESS TELEGRAM)
New York, October 21.—Thirteen volunteer ambulance drivers and two orderlies leave here on the steamers Lafayette and St. Paul today for service with the American ambulance in France. At the headquarters of the representatives of the American ambulance it was stated that the hospital in Paris is now caring for more than 1600 wounded daily and is greatly in need of volunteer orderlies.

ITALIANS SEIZE 15 MILLION EGGS; WILL FIX PRICE.

(ASSOCIATED PRESS TELEGRAM)
Rome, Oct. 21, Via Paris.—The municipal authorities at Milan have seized 15 million eggs as the result of a campaign to prevent speculation. Milan, Rome and other centers have been eggless for the last week, notwithstanding the existence of immense stocks. It is expected that the government will fix a uniform price of three cents throughout Italy and seize and sell all eggs at this price.

CITY OF CHIHUAHUA IN DEADLY FEAR OF VILLA RAID; CONCRETE TRENCHES, BOMB-PROOF DUGOUTS SURROUND TOWN

Scenes in Chihuahua. General view of the city; school; St. Paul hospital (right) and monument.

El Paso, Tex., Oct. 21.—(Special.)—In anticipation of an attack on Chihuahua City, the work of completing the defenses around the state capital is being rushed. Trenches with concrete protection, shell proof dugouts and protected artillery emplacements, embodying the lessons of the European war, are being constructed around the city, giving it the appearance of a fortress, an impression heightened by the placing of artillery in positions not disclosed.

From various parts of western Chihuahua General Trevino has received reports that Villa bands are riding apparently in the direction of San Ysidro, west of Chihuahua City, where it is believed, they will mobilize. Trevino thinks this marks the end of the Villista raid for munitions and food supplies.

Villa was reported recently to be on the Hearst ranch at Bahicora, far north of San Ysidro. Whether he

and his personal guards are moving south has not been stated in the latest advices.

El Democrita, the Constitutional organ in Chihuahua state, quotes refugees arriving in Chihuahua City as stating that Villa and his chief have surrounded themselves with harem of women and girls seized in towns which the bandits looted. The paper is informed Villa has abandoned his former practice of shooting his victims and is now burning those whom he considers his enemies.

Gen. Carrera Torres, who has reaffirmed his allegiance to Villa, is reported to have resumed bandit attacks in the state of Tamaulipas, looting small towns and recruiting men.

Villa's former minister of war, Gen. Jose Ysabel Robles, who transferred his allegiance to Carranza some months ago, only to revolt when it was positively ascertained Villa was alive and still in the field,

has issued a manifesto in the state of Oaxaca restoring all confiscated lands to their owners, promising political and religious liberty to all residents of the state and promising to retire all Carranza fiat money and substitute gold and silver. General Robles is one of the so-called aristocrats in Mexico and represents the element of union between Villa and the Legalista movement.

When Villa was forced to evacuate Chihuahua state Villa money was selling at a few cents on the \$1.00. Now the market price is \$1 per \$600. One of Villa's generals is said to have recently sold \$1,000,000 worth to a broker here and it has been sold to the soldiers for souvenirs. Great quantities also have been shipped to New York and other cities where it is used for advertising purposes. It is estimated that \$100,000,000 worth of this currency has been printed and circulated throughout the United States and elsewhere.

Robert L. Compton Killed When Hulshizer Car Turns Turtle

Robert L. Compton, aged 36 years, 109 East Church street, was instantly killed, Mrs. W. M. Hulshizer, also of 109 East Church street, suffered a fractured ankle, and three other persons were more or less seriously injured, early this morning, when an automobile in which they were riding turned over in East Broad street, near the Columbus Country club.

Mr. Compton's neck was broken when he was pinned beneath the car. One of Mrs. Hulshizer's ankles was broken and she may be internally injured.

The other occupants of the car, William M. Hulshizer, his daughter, Neva, and Mrs. R. L. Compton, are not thought to be seriously injured. Miss Hulshizer sustained bruises about the chest. Mrs. Compton was slightly bruised and cut.

The injured were taken to Grant hospital in Fisher's ambulance and the body of Compton removed to Fisher's morgue, Columbus.

Mr. Hulshizer, the only member of the party to escape practically without injury, was driving the machine, a Hudson "super-six." The party left Newark early this morning for Oxford, O., to spend the week end with Mr. and Mrs. Hulshizer's daughter Josephine, who is attending school at that place. Wheel-

near the Columbus Country club, in East Broad street, the machine skidded, whirled completely around and then turned over.

Mr. Compton was pinned beneath the machine. Witnesses to the accident say it was nearly half an hour before the heavy machine could be lifted from the lifeless form.

Mr. Compton was employed as foreman of the carpenter shop of the local Baltimore and Ohio railroad shops, for the past several years. He had been identified with the company for many years, coming to Newark from Parkersburg, W. Va., with his wife about three years ago.

About two months ago he was stricken with typhoid pneumonia and since then had been off duty. During the past week while convalescent, Mr. Compton was a familiar figure on the streets, in his daily walks to regain strength.

His condition considerably improved, he and his wife consented to accompany the Hulshizer family today on a trip to Oxford, for a week end visit with Miss Josephine Hulshizer, who is attending Oxford college. The news of the accident, resulting in the tragic death of Mr. Compton was a great shock to friends of both families, when it was received here this morning.

Mr. Compton was born July 20, 1880. He entered the employ of the Baltimore and Ohio company and for a number of years, served as one of

its most faithful and conscientious employees. His work won recognition from the company and he was promoted to a foremanship of the local carpenter shop.

For some time past Mr. and Mrs. Compton have made their home in the double house owned and partly occupied by the Hulshizer family, in East Church street.

Arrangements for bringing the body of Mr. Compton to Newark and the removal of the injured from Grant hospital to their homes here, have not been made.

A telephone message from Grant Hospital at Columbus this afternoon elicited the information that Mrs. Hulshizer is resting fairly well after the fracture to her leg had been reduced. She is bruised about the body also and the physician in charge would not state to what extent it was impossible to determine whether she had been injured internally. Her daughter Neva, who was slightly bruised is with her mother at the institution and is assisting in caring for her.

Mrs. Compton sustained only slight bruises and after her injuries had been dressed she was able to leave the hospital and will return with the body of her husband to this city. Hospital authorities stated today that they could not predict just when Mrs. Hulshizer would be permitted to be brought to her home in this city.

PANAMA DRY DOCK IS COMPLETED AND READY FOR USE.

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 21.—Panama Canal authorities have just completed and opened to public use a vast dry dock at Balboa, on the Pacific end of the waterway which is expected to be of the greatest value as a naval asset. The need of the navy for large docks, already very pronounced, promises to become even greater with the completion of the monster superdreadnaughts and the extremely long battle cruisers which have just been planned and are about to be constructed.

The new dry dock, known as No. 1, is 1,000 feet long, 110 feet wide, with a depth of 35 feet of water over the blocks at mean tide. Consequently, it can accommodate the largest naval vessel in the world now built or projected.

Sec. Baker Denies Comparing Yankees To Villa's Bandits

Elmira, N. Y., Oct. 21.—Secretary of War Newton D. Baker last night was shown a clipping, quoting him as comparing the Mexicans with the American revolutionists. "It is too absurd to be worthy of notice," said he, not concealing his displeasure at being misquoted, as he charged, "I could not think of such a thing, to say nothing of saying it. It is entirely wrong I did not say anything that could possibly be interpreted that way."

CAPT. TENNYSON WOUNDED.
(ASSOCIATED PRESS TELEGRAM)
London, October 21, 4:07 A. M.—The latest list of wounded from France includes the name of Capt. Lionel Hallam Tennyson, eldest son of Lord Tennyson and grandson of the poet. This is the second time that Capt. Tennyson has been wounded.

STATEMENTS DO NOT AGREE ON SERB BATTLES

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 21.—Notable headway is being made by the Serbians on the Macedonian front in their campaign for Monastir, according to the current reports from entente sources.

Paris today announces further gains against the Bulgarians in the bend of the Cerna, southeast of Monastir, where the Serbians have pushed well to the north of the river following their recent passage at Brod.

Unofficial advices also report the Serbians assisted by French troops attacking in the Kenali region to the west, along the Florina-Monastir railway.

Kenali is less than ten miles from Monastir. The Bulgarian position here is declared by entente military commentators to be virtually outflanked by the Serbians capture of Yevske in the Cerna sector six miles northwest of Kenali.

The latest Bulgarian and German official statements reported the Serbians checked in their Cerna valley campaign.

On the Somme front in Northern France General Haig's forces are again scoring gains in their push toward Bapaume, London announces. A new British advance near Butte de Warlencourt south of the Albert-Bapaume road is reported.

U. S. PRISONER GIVEN SPECIAL PRIVILEGES; SHERIFF SENTENCED

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Oct. 21.—Sheriff Alonzo T. Swepston of Ross county, vice president of the American Sheriffs Association president of the Ohio Sheriffs Organization was given a sentence of 40 days in the Delaware county jail by United States Judge John E. Sater today for permitting a federal prisoner in his custody to take long automobile rides and have other liberties outside of the jail at Chillicothe.

Donald Swepston who is Deputy Sheriff and son of Sheriff Swepston, was fined \$60. Both men were ordered to pay the costs and were released on \$500 bond each pending a hearing of the case on error before the court of appeals.

According to testimony given at the trial, brought in the form of contempt charges Charles L. Dye, a liquor dealer of Marietta, serving a six-months sentence for violation of the federal liquor laws, was permitted to spend much time outside of the jail. Witnesses stated they saw Dye about the countryside riding around in a high power automobile. Others testified they saw Dye about Chillicothe when he was supposed to be locked up.

Sheriff Swepston's aid on the stand said that he had not known that Dye had been given such liberties.

In sentencing the father and son, Judge Sater complimented the son on his veracity. The decision was lengthy.

Donald Swepston, in speaking of the sentence said, "I regret that the jail sentence was assessed against father. I would willingly have taken the sentence that he might have escaped it. Other than that I have nothing to say."

WIRELESS FROM PRESIDENT TO BE SENT BY AMATEURS.

(ASSOCIATED PRESS TELEGRAM)
Great Barrington, Mass., October 21.—A message from President Wilson will be relayed by amateur wireless operators to all parts of the country at 11 p. m. (Eastern time) on Oct. 27, according to a statement made today by Robert T. St. John, who has an amateur radio station here. He said that the test had been arranged as a demonstration of the efficiency of amateur stations.

Mr. St. John said that at noon today and at the same hour tomorrow he would send out a wireless notification to the stations which are to participate in the relay.

Members of Crew on Lake Barge Lost When Vessel Foundered in Storm

WAS LOADED WITH COAL

Lake Shipping Hard Hit By Heavy Wind and Many Ships Were In Trouble—Five of Tug Crew Are Drowned When Boat Sank—Steamer Founders, But Crew Is Rescued

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 21.—The Detroit and Cleveland Navigation company, office here today received a wireless message from the Captain of its passenger steamer Western States which left Detroit for Cleveland this morning, that he was standing by the wreck of a barge off Barpoint and that six of the crew were drowned, one had been rescued and one was still in the rigging. The barge is said to be the D. L. Fisher, but marine directories show no barge of that name. It may be the D. L. Filer owned by the Hines Transportation company of Chicago.

A later wireless message from the Western States confirmed the crew of seven all were drowned excepting the captain, John Mattison. Those drowned are:

Mate Herbert Logan, Sailors Oscar Johansen, Christ Burvee, Hawkins Gottliebson, James Saunderson and Cook Nels Farland. Mattison is on board the Western States.

After being left by the Tempest at Bar Point the Filer dragged her anchor six miles in the storm before it foundered.

The Filer was a ship of 339 tons and hailed from Michigan City and was loaded at Buffalo with coal.

Owned in Chicago.
(ASSOCIATED PRESS TELEGRAM)
Chicago, Oct. 21.—The wrecked barge off Bar Point, is said today at the offices of that company's fleet. The Filer was in tow of the steam barge Tempest, coal-laden, Buffalo to Saugatuck, Mich., and was left at anchor off Bar Point while the Tempest proceeded to Toledo for an additional tow. The Filer carried a crew of seven. John Mattison, Muskegon, Mich., is captain.

TUG GOES DOWN.
(ASSOCIATED PRESS TELEGRAM)
Detroit, Mich., Oct. 21.—Five of the crew of ten men are reported drowned with the sinking of the tug Shaum Rhue, owned by the Dunbar and Sullivan Dredging company of Detroit, off Kingsville, Ont., forty miles from Detroit, during a storm early this morning. Vessels in the vicinity and points along the shore are going to the rescue of the survivors and seeking identification of the men lost. The owners had no details of the disaster this morning.

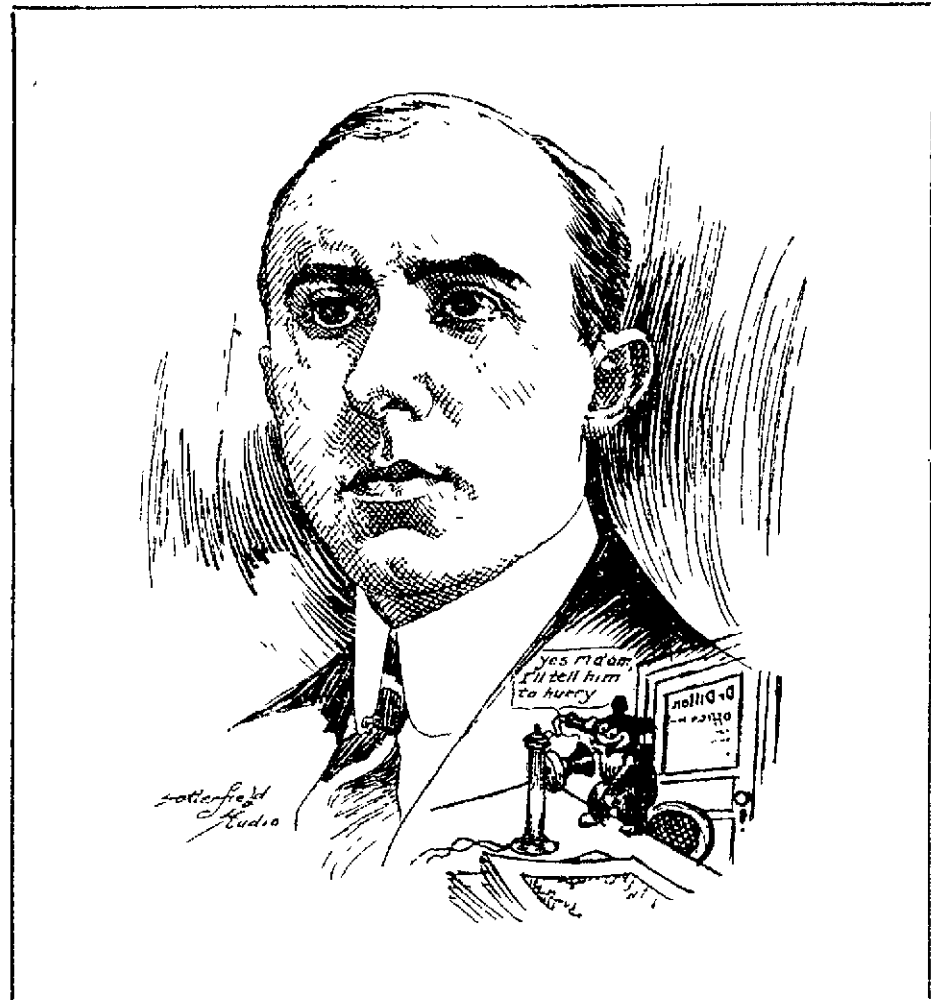

STEAMER FOUNDERS.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 21.—The steamer F. G. Heartwell, with eleven survivors of the wreck of the steamer Marshal F. Butters which foundered yesterday afternoon off Southeast Shoal in Lake Erie, had not arrived at Fairport harbor, near here today, as anticipated, and no word had come from the craft, so that there is still doubt as to whether or not there was any loss of life when the Butters went down. The Heartwell is not believed to be in any danger, but is thought to have been delayed by the gale and is expected to make port some time today.

AUSTRIAN PREMIER IS SHOT

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 21.—The Premier of Austria has been shot. Reuters' Amsterdam correspondent says the premier, Count Karl Stuerghel was shot today by the publisher of a Vienna newspaper named Adler, according to a telegram received at Amsterdam from Berlin. Count Stuerghel's Ministry was formed Nov. 3, 1911, and was reorganized Nov. 30, 1915.

CLEARING HOUSE STATEMENT.
New York, Oct. 21.—The statement of the actual condition of clearing house banks and trust companies to ride week shows that they held \$99,425,560 reserve in excess of legal requirements. This is an increase of \$30,511,150 over last week.

Men of Newark

OF ALL THE DISEASES THAT AFFECT THE HUMAN RACE, NONE carries a greater toll of death than does tuberculosis, but Dr. Dillon of this city has fully demonstrated that the disease is amenable to treatment in all stages and that the early cases can be cured.

Dr. Carl J. Dillon, son of Dr. J. W. Dillon, is a Newark man and received his early education in the city schools.

Later he took the scientific course at the O. N. U., after which he entered Starling Medical College at Columbus, receiving his degree of M. D. in 1907. The next year he was connected with the St. Elizabeth hospital at Dayton, serving in the capacity of house physician and surgeon and locating in this city in the summer of 1908.

After two years of successful practice he entered the Chicago Polyclinic at Chicago and took up general surgery and since that time has taken summer courses at New York Post Graduate, and Johns Hopkins at Baltimore and the Mayo Clinic at Rochester, Minn.

In 1912 he began to make a specialty of diseases of the chest, working under Dr. C. O. Giese, a German specialist, at the research laboratories of the M. W. of A. sanatorium at Colorado Springs.

His time was devoted to early diagnosis and vaccine therapy, both of which the doctor has successfully employed in his general practice.

Fraternally Dr. Dillon is an Elk, K. of P., Odd Fellow, Modern Woodman, and Royal Neighbor, is visiting physician at the county infirmary, consulting surgeon for the commissioners, and a member of the staff of the City hospital.

HOSPITAL ATTACHE ROBS SURGEON'S WHILE IN OPERATING ROOM

(Associated Press Telegram) Dayton, Oct. 21.—Accused of robbing two doctors while they were performing operations at a local hospital, Claud Wood, an order v at the institution was brought into municipal court and bound over to the grand jury. He pleaded guilty to taking a \$40 watch from one physician but denied having taken money from the coat pocket of another doctor. The watch and some money were found in his pockets police say.

NEW YORK WOMAN HONORED FOR HER AID TO SERBIANS.

(Associated Press Telegram) Vodenia, Greece, Thursday, Oct. 19, Via London, Oct. 21.—Crown Prince Alexander of Serbia has decorated personally Mrs. Charles Farnam of New York with the Order of St. Sava for her services in Serbian relief work. Mrs. Farnam was the first woman of any nationality to enter reconquered Serbian territory. She accompanied the crown prince when the Serbians crossed the Cerna river above Dobroveni and stormed the Bulgarian stronghold of Bred.

Mrs. Farnam quotes the crown prince, saying that the struggle for the reconquest of Serbia will not be brief or easy although he is confident of ultimate success.

The Serbians, Mrs. Farnam says, have been stimulated greatly by being again on their native soil.

When Prince George of Serbia crossed the frontier he knelt and kissed the Serbian earth.

Airships and Altitude.

There are two ways of measuring altitude in a flying machine. One is by triangulation from the ground, which is an involved operation, requiring the services of several trained experts in the calculation of angles from different points on a measured distance on the earth's surface. The second and usual way is by means of a barograph, which is a form of aneroid barometer that records altitude by means of atmospheric pressure. The latter method is not as exact as the former, but is more expeditious and is approximately correct.

Our Medal of Honor.

The medal of honor of the United States, given for bravery on the field of battle, was first instituted in 1862 by a law approved July 12 of that year. It is a five pointed star of bronze tipped with trefoil, each point containing a crown of laurel and oak. In the middle, within a circle of thirty-four stars, America personified as Minerva, stands with her left hand resting on the fasces, while her right, in which she holds a shield emblazoned with the American arms, she repulses Discord, represented with two snakes in each hand, the whole suspended by a trophy of two crossed cannon balls and a sword surmounted by the American eagle, which is united by a ribbon of thirteen stripes, palewies, gules and argent and a chief azure, to a clasp composed of two cornucopias and the American arms.

Nancy tossed a scornful head. "Pooh!" she retorted. "That's nothing. So's our garden fence."

GAS PRESSURE DROPS; TROUBLE ON MAIN LINE

Coincident with the drop in temperature which has been heavy in the past 24 hours, the gas pressure in the city dropped this afternoon until it was difficult for consumers to get flame enough in gas stoves to keep comfortably warm. At the gas office, consumers were told that "trouble on the main line" caused the drop in pressure.

The reduced pressure was first noticed at supper time last night when some consumers found difficulty in getting enough gas to cook the evening meal.

This morning conditions were somewhat improved. Shortly after noon, the pressure dropped suddenly and in some instances there was no gas at all. Louis F. Carl, agent in this city for the Newark Gas and Fuel company, stated this afternoon that the trouble was in the upper field around Utica, and was not of a local nature. He stated that efforts were being made to secure a better pressure and he felt safe in assuring consumers that there would be a normal pressure on before night.

FARMERS HEAR WILSON SPEECH

Long Branch, N. J., Oct. 21.—This is "farmers' day" at Shadow Lawn. President Wilson who remained last night from Chicago, will speak this afternoon before a delegation of farmers from New Jersey and nearby states. The President planned to devote himself principally to telling what the administration has done for the farmers. The President's next trip away from Long Branch will take him to Connecticut next Thursday. He will return here in time for the celebration of "Woodrow Wilson Day" next Saturday.

\$6,000 SHIPMENT STOLEN FROM CAR LEFT ON SIDING

Conneaut, O., Oct. 21.—Nick-1 Plate railroad detectives reported to-day one of the boldest car robberies in many years. A car of goods valued at \$6,000, consigned from New York City to Conneaut, was found empty on a side track near Lackawanna, N. Y., today.

1450 REGISTER HERE FRIDAY, IT IS ESTIMATED

Owing to the fact that the registrars did not turn in their books last night as they were needed again today, it being the last registration day before election only an estimate of yesterday's registration can be given.

Reports made at the board of elections last night indicated an average of about 50 votes to a precinct, there being 29 precincts in the city would make a total registration for the day of about 1,450.

The first days registration showed a total of 2,631, the second, 1,878. This with the estimate of 1,450 yesterday would make a total of 5,959 only 1,024 less than four years ago when 7,003 voters registered. Today's registration should send the total up above the latter figure.

FRENCH SEIZE CHINESE LAND ARREST POLICE

Peking, October 21.—A square mile of territory adjoining the French concession at Tien Tsin has been forcibly seized by the French consul with the assistance of troops. The Chinese police were arrested and Frenchmen substituted for them. Replying to a protest from the Chinese foreign office the French legation at Peking replied it assumed the responsibility for the action.

TWO KILLED AND ROBBED IN TOLEDO POLICE INVESTIGATE.

Toledo, October 21.—The bodies of John Gingala, 45, and John McCarthy, 23, who died last night, in a hospital, will be held pending investigation by the police. Gingala was found unconscious in front of a boarding house of which he was the proprietor. His skull was fractured and it is believed that he had been robbed. He died soon after removal to the hospital.

McCarthy's body was found near a railroad bridge. His gold watch, chain and a small sum of money which he carried were missing. The police theory is that he was robbed and slugged then placed on the track in front of an approaching train which killed him.

SOLDIERS ON BORDER WILL GET NO VOTE.

Columbus, October 21.—Inquiry at the governor's office and the office of the adjutant general today revealed that the proposition to call a special session of the legislature before the November election in order to enact legislation permitting Ohio national guardsmen now on the Mexican border to vote in the coming November election has been dropped.

The governor can only call a special session in case of an emergency and there is said to be a constitutional question involved as to whether this would be an emergency. The Republican party platform contained a plan declaring that the soldiers called to the border should be allowed to vote.

Early Panama.

The first permanent settlement in the new world was established at Panama Aug. 15, 1519, by Pedrarias, the Spanish governor. In exploring the Pacific coast along the Isthmus the Spanish adventurers found a small fishing village called Panama, and on the date given above the governor established his capital there. Two years later, by royal decree, Panama was made a city and the seat of a bishop. Panama became the center for Spanish explorations in North and South America, and many expeditions were sent out from there in search of gold. It was from Panama, in 1524, that Pizarro began the voyage which ended in the discovery of Peru. After that a highway was established across the Isthmus, following much the same route as the Panama canal, and over this the wealth of Peru was transported to the Spanish treasure ships in the Atlantic. To this day small sections of paved road are to be seen as relics of the old Spanish highway over which so much treasure was carried.

Very Set in His Ways.

The people of Fitchburg in the eighteenth century resented Joseph Palmer's beard. He was the only bearded man in that part of the country, and he was persecuted for it. When he resisted the attack of several neighbors who proposed to shave him he was put in jail on a charge of unprovoked assault. He far outstayed his sentence, said his son, because he had to pay for all his food, drink and coal for heating, and he considered they cheated him, so he refused to go. The sheriff and jailer, tired of having him there, begged him to leave. Even his mother wrote to him "not to be so set." But nothing could move him. He said that they had put him in there and they would have to take him out, as he would not walk out. They finally carried him out in his chair and placed it on the sidewalk. The neighbors were irritated, not only by Joseph Palmer's beard, but by his general attitude of mind—he was "so set."—Atlantic Monthly.

When Chocolate Was Denounced.

When passions were roused in the seventeenth century among those who thought chocolate was an invention of the devil. A formidable treatise was written in order to denounce the use of the beverage by monks. The treatise appeared in 1624, but the monks saw to it, by destroying every copy that came their way, that its circulation was small and brief. Chocolate houses succeeded coffee houses in London as centers of a supposed greater refinement, although Roger North described them as centers for the benefit of "rooks and collies of quality, where gaming is added to all the rest" and where plots against the state were hatched by idle fellows.—London Graphic.

Shorthand Pioneer.

That the ancients were thoroughly conversant with shorthand is an undisputed fact. It subsequently became a lost art until revived or rediscovered toward the end of the sixteenth century. At this time there lived William Lawrence, who died in 1621 and was buried in the cloister of Westminster abbey. There the visitor may read his epitaph, which includes the following lines:

Shorthand he wrote. His flower in prime did fade,
And heavy death short hand of him hath made.
—London Standard.

Crust of French Bread.

There is one precious quality which distinguishes French bread from all the other breads in the world, the quality, namely, of an extraordinarily thick crust.

French bread has a thick, crisp, appetizing crust because it is baked with a fuel composed of poplar branches. The light poplar wood gives an intense heat, which for some reason makes crust as no other fuel will do.—Exchange.

A Novelty.

"When I went home the other night," said Mr. Meekton, "Henrietta mistook me for a burglar."
"It must have been an unpleasant experience."
"I rather enjoyed it. It was the first time in my life Henrietta was ever afraid of me."—Washington Star.

Eager to Practice.

"My boy, you want to practice thrift."
"I know, dad, but I haven't got the tools."

"What do you mean by that?"
"If you'll let me have the \$5 I need I'll see how long I can make it last."—Detroit Free Press.

Bad Habit.

"I'm going out, Maria, to get a little ozone in my system."
"I do wish, James, you would stop taking them dangerous drugs."—Baltimore American.

J. HENRY MILLER, OF NEWARK

Democratic Candidate for State Senator

If my friends elect me to the important office of State Senator, my sole purpose shall be to serve the highest interests of my whole constituency to the very best of my ability. I am not expecting to make a limelight record by urging the passage of a multitude of new laws. Greater care should be given those that are passed to make them really worthy laws.

As to my ability and fitness for the office I shall leave it with my friends to be the judge. It may not be possible for every man to make a brilliant record as a legislator, but every man can make an honorable record and this I covet.

As to the character of my campaign I may say I believe in clean politics and there has not been nor will there be, any tricks, tainted deals or roorbacks practiced.

COLUMBUS SOUTH DEFEATED EAST IN CLOSE GAME

Columbus, Oct. 21.—After forty-five minutes of battling on a heavy gridiron at Ohio Field yesterday afternoon, the South High team eliminated one of its strongest contenders for the city interscholastic title when East was defeated 7 to 0. It was the first time that South ever defeated an East High team. In many ways the game was an anomaly. East gained more ground than did South, outplayed the winners, outscored the Blue and Gray and received more ground from penalties than did the Deshler Avenue lads and all in all got all the breaks but one, and still lost the game.

Only Ohio Teams Appear On List Of Denison Dates

Granville, Oct. 21.—Denison University's basketball schedule for the coming season was announced here yesterday by Faculty Manager Coons. The striking feature of it is that only Ohio teams will be met, which is a departure from the method used before of meeting several outside teams during the course of the season.

All of the strongest conference colleges will be met, including Case and Wooster. The two latter schools have been taken in place of Mt. Union and the Buffalo Germans. Ohio Wesleyan, Miami, Oberlin, Cincinnati and Wooster are each met twice. The date for Jan. 12 is yet to be filled. Hamilton and Pregh will probably officiate in the majority of games. The schedule:

- Jan. 12—Open.
- Jan. 19—Cincinnati.
- Jan. 20—Akron.
- Jan. 27—Ohio Wesleyan.
- Jan. 29—Oberlin.
- Feb. 2—Wooster at Wooster.
- Feb. 3—Case at Cleveland.
- Feb. 10—Kenyon.
- Feb. 13—Ohio Wesleyan at Delaware.
- Feb. 17—Miami.
- Feb. 22—Reserve.
- Feb. 24—Oberlin at Oberlin.
- March 2—Cincinnati at Cincinnati.
- March 3—Miami at Oxford.
- March 9—Wooster.

Yale Scores 19 Points On Virginia; Fog Covered Field

New Haven, Conn., Oct. 21.—Yale's eleven defeated Virginia Polytechnic Institute on a rain-soaked gridiron yesterday 19 to 0. The Blue scored three touchdowns and kicked one goal, while the Southerners never seriously threatened to score. A fog swept in over

the rim of the bowl, a fine drizzle fell during most of the game and the sultry weather handicapped the players. The slippery field slowed up the Eli attack and the backs frequently stumbled and fell.

BOSTON PLAYERS TO LOSE EMBLEMS RULE IS VIOLATED

Chicago, Oct. 21.—Members of the Boston Americans are to be deprived of the emblems usually presented to world's series champions, because they violated a rule of the National Commission forbidding players to engage in exhibition games after the world's series. In addition sixty or seventy other major league players who have engaged in barnstorming without the consent of the commission are to receive various penalties.

B. B. Johnson, president of the American league and member of the National Commission, today with other members of the commission took up the work of listing the guilty players and providing penalties for the offenses.

Mr. Johnson is in receipt of a letter from President Lannin of the Boston club, in which he says he did not give his players permission to engage in a post season game which was played at New Haven, Conn.

REED WANTS TO MEET BOWSER AT 158 RINGSIDE

Edward M. Reed, middleweight wrestler, who claims Akron as his home, is in the city trying to arrange for a match with Paul Bowser for the world's middleweight wrestling championship. Reed, who says he is better known as "The Flying Dutchman," has challenged Bowser and already has posted with W. W. Gard of the Park National bank \$50 for weight forfeit.

"The Flying Dutchman" refuses the proposition of making the terms of the agreement 158 pounds, give or take two pounds, but insists the champion meet him at 158 ringside. The match to be for the championship, the belt and to split the gate receipts 70 and 30 per cent, the lion's share to go to the winner.

Reed claims the wrestling middleweight rule is different from the boxing sport, where the champion has always been allowed to fix the weight and percentage. He says it is against the rules of the game to wrestle as a middleweight at any weight but 155 ringside.

This, however, has not always been adhered to, neither in the wrestling game nor the fight game. Freddie Welsh, present holder of the world's lightweight boxing championship, since becoming the champion has raised the weight from 133 to 135. He has engaged in battles for his crown at this weight. It is against the rules of Marquis of Queensberry rules to give or take two pounds in the middleweight wrestling class, then it is against the Marquis of Queensberry rules to raise the lightweight boxers weight from 133 to 135 pounds. Yet this is being done and promoters all over the country are signing men for bouts. If Bowser wants to make the 158 ringside, "The Flying Dutchman" seems like a matter of whether the champion cares to do it. The champion and not the challenger dictates the terms of the match.

Reed will remain in Newark and possibly go to work, while waiting an answer to his challenge. He says he has been in the game for more than 15 years.

ADVANCE SALE FOR FOOTBALL GAME IS HEAVY

The advance sale of tickets for Sunday afternoon's "twin" football bill at Wehrle park, indicates that Newark fans will be out in force to watch Newark's two class football aggregations, oppose two of Columbus' best squads.

Promptly at 1:30 o'clock, Sunday afternoon, the Fitzsimmons team will begin its battle against the Columbus Independents, a classy organization from the Capital city. The Fitzsimmons team is a light aggregation, but for its weight possess the star footballers of Newark. The Columbus team has met the best in Columbus gridiron circle and is a dangerous aggregation.

This game should be a thriller and put the fans in the right mood for the second game between the McDaniel heavies and the husky crew from the United States Barracks, of Columbus.

The McDaniel-Barracks game will be called at 3 o'clock. The locals will have in their line-up Paul Bowser, world's wrestling middleweight champion, Claude Hager, of Akron, "Dutch" Pfeiffer and Clayton of Zanesville and the usual all star McDaniel aggregation. The "Mac's" have been together several times this week and are more like the 1915 team than two weeks ago, when they met and lost to a Columbus team. A different line-up will be in the game, and there is a chance of Mike Kelley, getting back into action, along with Hager, Davis, Bowser and Pfeiffer. With this crew in the backfield, the visitors will encounter a backfield famed for line plunging and execution of the forward pass.

Special street car service will take care of the crowd assuring the fans of no long wait for the game. The game is finished. The "Buckeye band" will be on the job to lend spirit to the Newark rooters and the Barracks team will be accompanied by more than 75 uniformed soldiers.

The Independent team will be accompanied by a great many of its followers and players of note are predicted when Licking County meets Franklin County, for supremacy in the inter-city football class.

The admission has been raised from 25 cents to 50 cents on account of the high guarantee put up by the managers for the double attraction. But so far the fans have shown that they want real football, regardless of the price and are taking no chances of waiting until tomorrow before buying their tickets.

The weather for Sunday promises to be cold, this is ideal for football players and makes the game 100 per cent faster. Barring unforeseen incidents, tomorrow's double attraction will be the football treat of the present season. The McDaniel team will lineup as follows: Davis, I. C., Bowser, I. T., Leedy, I. G., Johns, C., Williams, R. G., Smeltz, R. T., Sommers, or Jenkins, R. S., Jones, C., Hager, I. H., Jackson, R. H., Pfeiffer, F. B.

Substitutes, Wallace, Feiner, Hinger, Benney, Gilmore, Kelly, E. S. Suran and L. Suran. All the above named players requester to report at Wehrle park, Sunday morning at 8:30 o'clock, for practice.

Ahoy, Messmates! Something Doing Saturday, Oct. 28

Members of the Buckeye Yacht club are invited to assemble at club quarters for the annual close of navigation on Saturday evening, October 28, at six bells. The Noble Order of Salts will hold their annual convocation at that time and the Porch Fleet will also be in session.

Members are advised to bring their slickers as unsettled weather usually prevails at that time of year. Members are also invited to bring along a guest. There will be plenty of "cats" of the briny deep and the cuisine promises to be satisfactory to the inner man.

Members are urged to engage passage and reservation over the O. E. R. R., and those coming from Columbus are advised to steer clear of life saving stations in this city. The annual convocation and Order of Salts this year is going to be one big jollification and a happy throng will participate in the event.

EDISON DAY

OCTOBER 21ST

Ohio's Electric Wizard

Thomas A. Edison, the inventor, the genius of the age, the wizard of electricity, celebrates on October 21st, the 37th anniversary of the discovery of the Mazda Lamp. On October 21, 1879, Edison's first dreams of making electricity practical, came true. Since then, by thorough and conscientious work, Edison has made his name famous by scores of other wonderful inventions. Edison is a native Ohioan.

Today, nearly every man, woman and child is profiting by his achievements. Are you one of them? Are you enjoying the conveniences that Edison made possible? If not, get in touch with the Ohio Light & Power Company.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under the Act of March 4, 1879.

It is never a good plan to swap horses while crossing a stream of water.—Abraham Lincoln.

Decrease in Death Rate.

Recently announced figures from the 1915 census show a big fall in death rate. For the whole country, these figures show 13.5 per thousand. Fifteen years ago the rate was 16.2. The American people are growing healthier.

Better knowledge of sanitation, better physical development, advance of medical science, account for this change. There are a great many people who, instead of dosing themselves with drugs as formerly, get out and exercise. More people work and sleep with their windows open. There is less horror of fresh air.

No doubt the present rate can be still further lowered. It is up to everyone to cooperate with physicians and boards of health in removing all known causes of disease. Premature death is one of the great causes of poverty. Every time a wage earner is taken away before his time, some one is thrown on charity.

Judge Hunter.

Probate Judge Robbins Hunter is a candidate for second term regularly nominated at the Democratic primary, and is entitled upon his record (one of the best of any Probate Judge the county ever had) to the support of all Democrats. Every effort to defeat him through an appeal to prejudice and disaffection should meet with a merited rebuke, and Judge Hunter should be elected by a handsome majority over all of his opponents.

Court of Appeals.

The great experience, the sound learning and the judicial standard set by Judge Shields during his long experience on the circuit and appellate benches, entitle him to re-election. It would be the gravest sort of mistake to have Judge Shields defeated. His record calls for his re-election. When you step into the voting booth on election day, be sure to place a cross (x) to the left of his name as it appears on the judicial ballot.

The popular remedy for a period of high prices is to write denunciatory papers for some club, rather than to keep hens in the back yard and raise one's own vegetables. However, we admit is something of a job to raise garden truck and chickens on the same premises.

Many of our people will conclude that it's no use to clean up the back yard, as spring cleaning time will be here so soon. They were perhaps the ones who didn't clean up last spring, because everything had been attended to the previous fall.

William A. Ashbrook is a firm supporter of President Wilson and his policies, and will continue to hold up the hands of the administration when he is returned to congress.

It takes a warm felt hat to make a man comfortable on a warm October day, just as it takes a cold straw hat to make him feel comfortable on a shivery June day.

College manners have certainly greatly improved. Instead of cooling off a freshman under the pump, they merely freeze him to death by not speaking to him.

The U-53 Did Not Hover.

(Philadelphia Record.)
While the Germans complain that we have been more severe with their government than with the allies, the English and French complain that we have made ourselves responsible for the ravages of the U-53 by tolerating it in one of our ports for a few hours and doing nothing when it sank some steamers 47 miles from our shores. It is impossible to be neutral and satisfy both sides. We are conscious of pursuing even-handed justice and preserving strict neutrality and doing the best we can to protect our own interests and save some remnant of international law from the belligerents who are attacking it from both sides.

We have insisted to Germany that a submarine is subject to the same restrictions in depreeding upon commerce that a cruiser is. We cannot do less, therefore, than to recognize a submarine as a cruiser, entitled to the same privileges as no more and no less than a surface vessel. We have refused to suit Germany; we cannot tear up international law to accommodate England and France.

Some of the British papers and statesmen think they have discovered a shocking inconsistency in our protest against a fleet of English and French war vessels hovering close to our shores and in saying nothing about the depredations of the U-53 out of sight of our shores. There is not the least inconsistency. The hovering consisted of the presence for days, and even weeks, of allied war vessels lying in wait for any German vessel that might emerge from our ports. While our jurisdiction only extends three miles no nation, of course, would submit to have a quarter miles from its ports to capture vessels engaged in commerce with it.

The U-53 did not hover, and it demanded much less hospitality in the harbor of Newport than it might have claimed. It did not stay in port 24 hours. It took on no supplies, it came into port, delivered some dispatches and sailed out again. On its way home, apparently, it followed the usual steamship lane, and about 45 miles from our coast it "made a killing." In accordance with the demands of our government, it was ordered to leave the harbor. It did not torpedo any vessels without warning. It stopped them in the regular manner, ordered the crews to leave the vessel, and then sank the steamers. Then it seems to have continued on its homeward course, for nothing more has been heard of it. If the U-53 had remained near our coasts to destroy other vessels going and coming we should have complained, as we did when allied warships hovered off our coasts.

Some of the British complainants also desire to know whether American naval vessels near the scene of the U-53's activities moved on the way to give the German submarine a chance to fill at its victims. Forty-five miles from shore we certainly have no right to prevent a belligerent from attacking vessels of its enemy. When Admiral von Diederich's vessels were in the way of Admiral Dewey's guns the latter demanded that they be moved, and they were moved. We had a right to fire at the Spaniards, and the German war vessels had no right to take a position where they were in our way. Our war vessels had no more right to get in the way of the U-53 when it desired to sink British steamers after the human beings on board had been removed.

Hughes and the Lusitania.

(Springfield Republican.)
It will be a shock to some of Mr. Hughes' supporters to learn that his statement of what he would have done to prevent the sinking of the Lusitania is unsatisfactory to the New York Tribune. One reads in yesterday's issue: "The Tribune disagrees with Mr. Hughes in the matter of the Lusitania if by his Louisville utterance he meant to express the belief that, had the German government known in advance that the sinking of the Lusitania would be followed merely by a severance of diplomatic relations it would have refrained from the crime." In order to prevent the Lusitania tragedy, the Tribune believes obliged to let Germany know that such an act would have been followed by law. What Mr. Hughes would do as president, in case he should be elected, assumes fresh interest in the light of the Tribune's further assertion:

"Neither Mr. Hughes nor any other American should misunderstand the conditions under which Germany refrains from murdering Americans on the high seas. Germany will return to this policy the moment she is convinced there is a profit in it. If the sole danger it involves is the dismissal of Bernstorff and the recall of Gerard, Germany will begin without delay. She would begin the day Mr. Hughes entered the White House if she were satisfied that this was the utmost that Mr. Hughes was prepared to advocate as an answer to German massacres."

In brief, the Tribune leaves its candidate facing the question whether he would go to war to prevent German submarine attacks on British ships without warning.

What One Cent Will Buy.

(Electrical Experiment.)
The decreased cost of electric service and the increased efficiency of electrically operated devices are constantly adding to the purchasing power of a cent. On a basis of 8 cents a kilowatt-hour 1 cent will buy: Electric service to light a 25-watt (23-candle power) lamp for five hours; electric service to make 10 cups of coffee in an electric coffee-pot; electric service to heat milk in a nursery milk warmer three times; electric service for 300,000 stitches on a motor-driven sewing machine; electric service for 12 cups of tea in an electric samovar; electric service to operate an electric chafing-dish for 15 minutes; electric service to boil 12 eggs in electric hot-water cup; electric service for an electric vacuum cleaner for one hour; electric service to warm a heating pad for two hours; electric service for an electric washing machine for one hour; electric service for an electric flatiron for 10 minutes; electric service to make 10 slices of toast on an electric toaster.

Continued Prosperity.

(W. E. Aughinbaugh in Leslie's.)
Germany does not fear a "war after the war," as the British public and press have been suggesting. It is authoritatively stated that Germany has no stock of manufactured materials on hand to "dump" anywhere, having consumed all such goods herself during the isolation of the past two years, while it seems certain that the post bellum labors of her soldiers will be devoted to furnishing supplies urgently needed at home. Indeed it is predicted that for two or three years after the war is over all cargoes will be one way only—to Germany, and that her vast merchant marine, most of which is intact in neutral harbors, will be engaged in carrying raw material to be converted into factory products. If true, and it is entirely within the range of possibilities, this means an extended period of prosperity for American manufacturers.

JUNIOR REDPATH CLUB PAPER TO ARRIVE ON NOV. 1

Newark boys and girls who belong to the Junior Redpath Club are to receive another edition of their Chautauqua paper Wednesday, Nov. 1. In this issue an announcement will be made of the city winning the banner for attendance, and there will be pictures of the officers of the largest club.

In the word contest conducted in connection with the Junior Chautauqua there were several boys and girls who submitted more than 4,000 different combinations of letters from the name, "Junior Redpath Club," but the honor of having the largest list goes to a club member in Sistersville, W. Va. The November Chautauqua will contain a picture of this member, with a story of how she secured so many words.

Prize winners in the Chautauqua test crew contest also will be announced in the coming paper, and there is to be an article telling what the "story girls" are doing this winter.

A supply of papers will be sent to the public library. Members and their boy and girl friends will be accommodated while the edition lasts.

Granville

(Special to the Advocate.)
Granville, O., Oct. 21.—The men of the Presbyterian church have occasion to feel gratified at the success of the supper given in the social rooms of the church last evening, under the immediate supervision of Dr. J. W. Rohrer and the twenty men on the committee. The repast was abundant, appetizing and efficiently served by the men and a spirit of good fellowship prevailed throughout the evening. Despite the inclemency of the weather, one hundred and twenty-five men came out and enjoyed thorough enjoyment as well as benefit. Mr. H. W. Soule delighted the company with his singing and was repeatedly recalled. The speaker and guest of honor was Mr. Hugh Diamond of Galion, who in his own inimitable way by the slinging of songs and telling of stories, impressed his lesson on the minds of his hearers. Out of town guests were: Rev. Mr. Kerr, formerly of Pataaskala; Rev. Don Tullis, Rev. C. Hazlett, Mr. A. S. Mitchell and Mr. J. H. Miller of Newark. This feature of the social life of the church will become a monthly occurrence.

Mrs. K. S. Hines and Prof. Forbes Wylie were the speakers at the successful meeting of the Social Union held Friday afternoon, October 20 in the parlors of the Baptist church. On this occasion of the Sunday school were entertained by one of the social circles, with Mrs. Helen Hunt at its head. The sudden change in temperature cut down what would have been a record-breaking attendance, to about sixty members and guests.

Mrs. Hines spoke in a most interesting way of the Canadian Rockies, and her own recent experiences among them, and Prof. Wylie, superintendent of the Sunday school spoke of the value of Bible study in the home. Mrs. Marion Rose Johnson closed the program with the familiar but ever dear old song "Auld Lang Syne," after which coffee, sandwiches and cakes were passed by the ladies of the committee. A silver offering was taken in response to Mrs. Anna Campbell's appeal for the A. F. F. W. committee of Granville for the relief of the wounded in Europe. The amount of this contribution will be announced in the regular report of that organization next week. Out of town guests were: Mrs. C. I. Chamberlain of Geneva, O., and Mrs. George Felton of Berea, Ky.

The annual seat reservation for the Lyceum and Festival Courses was held in the Opera House yesterday afternoon, and everything indicated a good advance sale of tickets. Mr. J. H. Sutton for the Y. M. C. A., managed a difficult situation with great efficiency. There seems to be a fad among the young people to secure seats in the center of the Opera House, though in fact there are no poor seats in so small an auditorium as the Lyceum has demonstrated on occasion. The first entertainment on this excellent course, will be given this evening in the Opera House by Edward Amherst Ott on "Sour Grapes."

Dr. and Mrs. George Felton of Berea, Ky., were guests of Mr. and Mrs. Burton Case last evening and will be entertained this evening by Dr. and Mrs. R. S. Colwell at dinner. They are at the home of Dr. G. F. McKibben in West Elm street.

President Chamberlain is at home again after his engagements to speak at the Baptist State Conventions held during the week at Mt. Vernon and at Battle Creek, Mich.

Mrs. Hugh Williams of Chrystal Lake, Minn., formerly Miss Ada Chrysler of Granville, was honor guest at a charmingly appointed party given by Mrs. J. T. Harbottle at her home in Hudson avenue, Newark, Friday afternoon. Other Granville guests on this occasion were: Mrs. Freeman Chrysler, Mrs. Roe Morrow, Mrs. W. J. Livingston and Mrs. George Stuart.

Mrs. C. E. Frank has as week-end home guests at her home on the Newark road her daughter, Bertha and Miss Sara Holmes of Shepardson college.

Mrs. W. J. Livingston and Mrs. George Stuart attended the reception given by Mrs. John Sachs in Wyoming street, Newark, Thursday afternoon.

Mr. and Mrs. Hugh Diamond of Galion, who have been guests of Rev. and Mrs. E. D. Barnes, left today for their home.

Miss Carrie Howland, who has been suffering for a few days from an attack of neuritis, is greatly improved.

The Shepardson College Athletic Association will assemble this evening in Doane gymnasium and engage in a fascinating masquerade revel

which, only, give rise to take part. Judging from indications caught here and there, it is going to be—in good old vernacular—"some party."

SNOW FLAKE WAS BIT OF LATHER ON MAN'S EYELASH.

Customers in the Atherton-barber shop in West Main street yesterday afternoon, were disappointed in their search for the first snow flake in the downpour of the cold rain—but not so with the customer in the chair of Dean Davis, premier end man of the comedy team of Davis and Peri.

Davis was speeding around his customer in Bowser fashion, while the snow flake discussion was on. "I see snow," the customer in the chair cried as he jumped from his chair. "Look!"

The customers did. What they saw, was a man Davis endeavoring to gather up the loose ends of his lather from the man's eyelash, where it had been thrown in the barber's bustling movements to shave and search for the snow flake at the same time.

The snow flake, Mr. Customer thought he saw, caused a smarting, burning sensation in his eye, but this was forgotten in Davis' profuse apology.

What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

The twenty-first annual convention of the Ohio Federation of Women's Clubs is over, but the memory of the happy week will live long in the hearts of those who were fortunate enough to attend. When it was announced a year ago that our hostess city would be Dayton, no one doubted the success of the affair, and the realization has more than fulfilled the anticipation.

Months of preparation on the part of local committees left nothing undone to contribute to the comfort, pleasure and joy of the visitors.

The splendid program built under the direct supervision of Mrs. Kent W. Hughes, of Lima, was carried out with a few changes and with unwavering promptness.

Unusual interest was shown in the reports of the chairman of committees. The appeal of Mr. T. T. Rosendale, of Fostoria, chairman of the loan scholarship fund, resulted in a collection which gave to that fund \$125. The endowment fund is closed, and our effort must be centered upon this splendid activity.

Four hundred and sixteen delegates, one hundred and forty-three alternates, sixteen chairmen of standing committees, thirty-one committee members and the entire board of twelve members represent a fine record attendance.

Dr. William Norman Guthrie of St. Mark's-in-the-Bouwerie was a live wire which sent volt after volt of startling facts through the consciousness to all who heard him, revealing our responsibility to the "stranger within our gates."

The press conference breakfast was the result of an inspiration and brought out seventy-five newspaper women, at 7:30 o'clock Thursday morning, short snappy talks filled the time to the benefit of all.

"Read the label and exercise care in the purchase of table necessities," was the dominant thought left by Mrs. Etta Morse Esty in her talk on adulterated foods.

One of the most delightful occasions, arranged for the pleasure of the Federation Board and chairmen of departments was the luncheon of the R-K Club by the Rike-Kumler company.

Percy MacKaye's "Sanctuary," presented by Mrs. Robert Seybold and the Dayton Drama League, stands out as an exquisite cameo in the social pleasure of the convention.

Reports of district vice presidents show a wonderful growth in the state organization.

Mrs. Samuel B. Sneath and Miss Anna B. Johnson were warmly welcomed by their many friends throughout the state.

ART FOR SCHOOLS

An exhibition of pictures is to be held in Hebron, Oct. 25, 26, 27, 28. The purpose of this exhibit is to raise funds for the purchase of pictures for the walls of the public schools.

The exhibition of pictures is one of more than ordinary interest. It consists of carbon photographs and engravings, loaned by the Elson Art Publishing Co., Belmont, Mass.

The collection is a large one and contains only the very best reproductions of the masterpieces of art of different countries and periods. Nearly every gallery and country in the world would have to be visited to see the original pictures which are here brought together in one collection. The collection comprises about 200 large pictures and 300 smaller ones representing all the principal schools of art and including many reproductions of sculpture and important views from nature. Few collections have ever been brought together which so completely cover the history of art of all times as this does. A catalog will be on sale at the exhibition hall. No community should be indifferent to the culture and refinement of its people. It is a part of the school work to inculcate these qualities in the children through whatever means it has at its disposal. The wholesome and refining influence of pictures of the right sort on the school

THE AUDITORIUM

"Fires of Conscience."

Two fights, one against himself, the other against those who are breaking the laws of mankind, give William Farnum opportunity to display his remarkable histrionic ability in William Fox's new photoplay, "Fires of Conscience." Farnum takes the part of George Baxter, a man of impulse, who has fled to the West after killing the man who had ruined the happiness of his home. The last showings of this wonderful feature will be seen at the Auditorium this evening, together with Pathe's Famous Weekly.

Sunday's Program.

Dorothy Gish in "The Little Schoolma'am," together with a two reel Keystone comedy, will make a great bill for picture patrons of the Auditorium, Sunday. The story of Nan Cartwright, a southern girl who becomes a school teacher in a small western town, is told in the play. One evening she goes to the brook and have a good cry. There she is found by Howard, a young playwright from her native state who is visiting in the village. He attempts to offer her sympathy and she accepts him as a friend. Before long there is more than a friendship, and Howard becomes a frequent visitor at the schoolhouse, where the children take a great fancy to him. Of course the scandal mongers soon find in Howard's calls at the school an opportunity to say unkind things about the girl.

For a time she pays no heed, but one evening, when she has gone for a drive with Howard, their horse runs away, and the two are thrown out. It takes them until morning

most importance to the dramatic world. "Freckles" as a song play is stronger than "Freckles" as a story. The characters live, love and have adventures—one can see and hear there is nothing left to the imagination. The music for the play and the songs rendered by Freckles and other characters are of the Viennese composer, Anatol Friedland, and are a novelty from a musical point of view. The Woodland Fantasy played during the play is a masterpiece.

Howe's Travel Pictures.

Travel certainly makes the world seem bigger. Every trip opens another window through which to view life. And since Lyman H. Howe's Travel Festival which comes to the Auditorium soon is the only attraction before the public which serves as a superb substitution for actual travel, its great vogue and popularity are surely well deserved. Howe's new production comprises a tour of the Hawaiian Islands and is memorably replete with interest throughout and affords an entire new conception not alone of the allurements of tropic lands, native life, the sugar industry, etc., the portion of most enthralling interest to many is that which takes spectators to the crater of Kilauea, where, a raging sea of molten lava is seen with white hot waves lashing and anawing at the imprisoning walls. From here, in a moment, spectators are transferred to the northernmost town of Europe, Hammerfest, Norway. Enroute they will glide through one of the most marvelous and inspiring regions on earth—the famous fjords—across which, at one point, thousands of reindeer are swimming. After one of those refreshing interludes in the form of a lively animated cartoon satirizing

shadow appears to Louie and hypnotizes him into writing a confession to his part of the forgery he committed by Sebastian. The paper is secured by Leontine, but is stolen by one of a gang of blackmailers, who threaten to blackmail Sebastian with it. "The Haunted House," fifth chapter of "The Yellow Menace," Senator Stevens, of Oregon, shares the fate of Senator Johnson, and the Government becomes alarmed. Najla, rescued during the raid, lives with her friends, Margaret and May. They are decoyed by a ruse to a deserted road, captured, and held as hostages, with a threat of torture if Ali Singh's commands are not obeyed. Simultaneously, the elder Bronson is murdered in London, whither he has gone for financial purposes. His son swears vengeance on Ali Singh. "Luke and the Mermaids," a Lonesome Luke Comedy, will also be shown.

At the Grand next Sunday with a four piece orchestra.

ALHAMBRA.

"Still Waters."

"Still Waters," in which the famous Players Film Company is starring Marguerite Clark on the Paramount Program at the Alhambra, Sunday is a story of canal-boat life and of the circus. It develops as follows:

When old man Martin's only daughter eloped with a circus performer, it was a bitter blow to him, and when the deserted girl returned, a year later, he refused to forgive her, but took her baby girl away from her before he banished her from his sight. Terror stricken by the fear that little Nesta would suffer the same fate that had overtaken her mother, Martin had decided to seek seclusion on a canal boat, where he gave her every educational advantage possible under the circumstances, though he zealously guarded her from contact with the outside world.

A vivacious extremely bright and ambitious girl, Nesta frets at the restraint, and finally slips away to a neighboring orchard, where she meets young Dr. Ramsay, the owner of the property. A flirtation results from this chance meeting which soon ripens into love. But Mrs. Ramsay has other ambitions for her son, and she invites the object of her motherly schemes to visit the house.

"The Storm."

As a harum-scarum child of nature, light-hearted and care-free, Blanche Sweet will be seen at the Alhambra on Monday and Tuesday, in the thrilling Lasky production of "The Storm," a Paramount Picture. The scenes of this unusual drama were laid in the Maine woods and Miss Sweet is seen as a daughter of an absent-minded, retired, old professor.

How she falls in love—a cloud is cast over her life, only to be dispelled by the man her heart desires is unfolded and explained in an intense and interesting manner.

Miss Sweet is surrounded by a cast of famous players, headed by Thomas Meighan who recently scored such a success as leading man for Marie Doro in "Common Ground," and who is one of the most popular of the Lasky players; America's leading character actor, Theodore Roberts, and other members of the all-star Lasky organization including Richard Sterling and Chandler House are also included in the cast.

GEM.

Sunday's Program.

Through the effort of the manager of the Gem theater the movie fans of Newark will have an opportunity to see some of the best known photoplay dramas. This theater offers for its entertainment every Sunday afternoon and evening a feature photoplay drama produced by the Ivan photoplay company. This company only makes one picture a month and has on its list of players some of the most noted stars in the picture world. Some of the coming productions by this company are: "The Faded Flower," featuring Marguerite Snow, "Her Surrender," featuring Anna Nilsson, "The Immortal Flame," featuring Maude Fealy and "Her Husband's Wife," Mignon Anderson is featured in "The City of Illusion," the first Ivan picture, which will be shown at the above theater Sunday.

Wall Street.
(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 21.—Industrial
shares were the conspicuous features
of today's brief but active session.
United States steel again assuming
a leading position and approaching
its high record by the smallest mar-
gin at 120 3/8. New maximums
were registered by general motors—
which rose 36 points to \$25, and the
sugar group and central leather.
Other industrials including minor
steel shares and equipments were
notably higher with coppers but
shipping issues moved centrally. The
recent inquiry for medium and low
priced rails was well sustained but
investment issues of that group
were somewhat reactionary.

Profit-taking caused a moderate
shading of prices toward the end.
The closing was strong. Bonds were
irregular.

Chicago Grain and Provisions.
(ASSOCIATED PRESS TELEGRAM)
Chicago, Oct. 21.—Fresh advances
in the price of wheat were met by
heavy profit-taking sales, but on de-
clines the market ran into resting

orders to purchase, and there was
a consequent rally. Opening prices,
which ranged from 1-8 to 1-2c
higher, with December at 1.69 3/4
to 1.70 3/4 and May at 1.69 1/2 to
1.70 1/2 were followed by a materi-
al setback and then a renewed up-
turn.

Corn displayed relative weakness.
Husking reports from west of the
Mississippi were said to show better
conditions than a year ago. After
opening 1-2c lower to 3-8c higher
the market underwent a moderate
sag.

Oats had fair support and held
steadier than corn. Trading was
not heavy.

Higher quotations on hogs gave a
lift to provisions. Lard especially
was in demand.

Wall Street Review.
(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 21.—Except for occa-
sional intervals of caution, so-called
"bull" money continued affecting inter-
national conditions the week in the stock
market yielded little of the U. S. steel
and bread and butter have been charac-
terized by a steady advance since the early part of Sep-
tember.
Each daily session witnessed an
overturn of 1 million to 1,000,000 shares
mostly at higher levels. Buying seem-
ed to emanate from responsible sources,
especially in the case of U. S. steel
which at the final figure of 119 3/8, came within halting distance
of its maximum, recorded in the final
days of September.
The only marked change in surface
conditions was the inquiry for low
priced rails, especially the 10c steel.
These comprising the preferred issues of roads
traversing western and southern sec-
tions of the country.
There was also a further demand for
leather and sugar issues, some of these
attaining to new high prices. Copper
and motors reflected the steady main-

tenance of favorable conditions in
these industries and the shares of the
activity and latest compilations of the
Paper and Union Bag and Paper com-
panies making substantial response to
another latest compilation of the com-
modities market. Bank clearings offered further proof
of the high pressure of commercial ac-
tivity and latest compilations of the
Department of Commerce showed a
new record for exports. Happenings
of the week in the commodities mar-
ket, especially grains and cotton, were
in keeping with these extraordinary
conditions.
Leakage of international bond is-
sues was accomplished as the prelude
to new international financing. This
was indicated by the consumption of
another large French credit and the
resumption of gold imports from Can-
ada after a lapse of several weeks.

THE AUDITORIUM

"Fires of Conscience."
Two fights, one against himself, the other against those who are breaking the laws of mankind, give William Farnum opportunity to display his remarkable histrionic ability in William Fox's new photoplay, "Fires of Conscience." Farnum takes the part of George Baxter, a man of impulse, who has fled to the West after killing the man who had ruined the happiness of his home. The last showings of this wonderful feature will be seen at the Auditorium this evening, together with Pathe's Famous Weekly.

Sunday's Program.

Dorothy Gish in "The Little Scholastic," together with a two reel Keystone comedy, will make a great bill for picture patrons of the Auditorium, Sunday. The story of Nan Cartright, a southern girl who becomes a school teacher in a small western town, is told in the play. One evening she goes to the brook to have a good cry. There she is found by Howard, a young playwright from her native state who is visiting in the village. He attempts to offer her sympathy and she accepts him as a friend. Before long there is more than a friendship and Howard becomes a frequent visitor at the schoolhouse, where the children take a great fancy to him. Of course the scandal mongers soon find in Howard's calls at the school an opportunity to say unkind things about the girl.

For a time she pays no heed, but one evening, when she has gone for a drive with Howard, their horse runs away, and the two are thrown out. It takes them until morning

most importance to the dramatic world. "Freckles" as a song play is stronger than "Freckles" as a story. The characters live, love and have adventure—one can see and hear, there is nothing left to the imagination. The music for the play and the songs rendered by Freckles and other characters are of the Viennese composer, Anatol Friedland, and are a novelty from a musical point of view. The Woodland Fantasy played during the play is a masterpiece.

Howe's Travel Pictures.

Travel certainly makes the world seem bigger. Every trip opens another window through which to view life. And since Lyman H. Howe's Travel Festival which comes to the Auditorium soon is the only attraction before the public which serves as a superb substitution for actual travel, its great vogue and popularity are surely well deserved. Howe's new production comprises a tour of the Hawaiian Islands and is memorably replete with interest throughout and affords an entire new conception not alone of the allurements of tropic lands, native life, the sugar industry, etc., the portion of most enthralling interest to many is that which takes spectators to the crater of "Kilauea," where a raging sea of molten lava is seen with white hot waves lashing and gnawing at the imprisoning walls. From here, in a moment, spectators are transferred to the northernmost town of Europe, Hammerfest, Norway. Enroute they will glide through one of the most marvelous and inspiring regions on earth—the famous fjords—across which, at one point, thousands of reindeer are swimming. After one of those refreshing interludes in the form of a lively animated cartoon satirizing

DAN GRACEY.

He will be at The Auditorium Theatre, Monday, October 23rd.

With more serious subjects, Howe's picture tourists will find themselves in Sunny Spain. Still other subjects will be presented in nature's hues such as birds and fish, and there will be also a vivid and intimate study of life at West Point.

"The Only Girl"

Theatre patrons of this city are promised unusual entertainment in the production of the musical comedy "The Only Girl," which will be shown at the Auditorium, Wednesday, Nov. 1st.

This delightful musical comedy which represents the latest writing of Victor Herbert as composer and Henry Blossom as librettist, enjoyed popularity in New York at the Lyric Theatre last year and who pronounced the most fascinating combination of music and story since the same authors set forth "Milk and Honey" and "The Red Mill," which have lived so long and been sung in the hearts of all the world.

THE GRAND

Sunday's Program.

"The Earthquake," an episode of "The Shielding Shadow," containing some highly spectacular scenes of a fire town devastated by an earthquake. Sebastian, a nervous wreck from the increasing visitations of the mysterious Shielding Shadow, de-

rides to flee to the remote mining town where One Lamp Louie has struck gold. The first person he meets on his way is the mysterious Raverger. In his shack the

shadow appears to Louie and hypnotizes him into writing a confession to his part of the forgery he committed for Sebastian. The paper is secured by Leorine, but is stolen by one of a gang of blackmailers, who threaten to blackmail Sebastian with it.

"The Haunted House," fifth chapter of "The Yellow Menace," Senator Stevens, of Oregon, shares the fate of Senator Johnson, and the Government becomes alarmed. Najila, rescued during the raid, lives with her friends, Margaret and May. They are deceived by a ruse to a deserted road, captured, and held as hostages, with a threat of torture if Ali Singh's commands are not obeyed. Simultaneously, the elder Bronson is murdered in London, whither he has gone for financial purposes. His son swears vengeance on Ali Singh.

"Luke and the Mermaids," a Lonesome Luke Comedy, will also be shown.

At the Grand next Sunday with a four piece orchestra.

ALHAMBRA

"Still Waters."

"Still Waters," in which the famous Players Film Company is starring Marguerite Clark on the Paramount Program at the Alhambra, Sunday is a story of canal-boat life and of the circus. It develops as follows:

When old man Martin's only daughter eloped with a circus performer, it was a bitter blow to him, and when the deserted girl returned, a year later, he refused to forgive her, but took her baby girl away from her before he banished her from his sight. Terror stricken by the fear that little Nesta would suffer the same fate that had overtaken her mother, Martin had decided to seek seclusion on a canal boat, where he gave her every educational advantage possible under the circumstances, though he zealously guarded her from contact with the outside world.

A vivacious extremely bright and ambitious girl, Nesta frets at the restraint, and finally slips away to a neighboring orchard, where she meets young Dr. Ramsay, the owner of the property. A flirtation results from this chance meeting which soon ripens into love. But Mrs. Ramsay has other ambitions for her son, and she invites the object of her motherly schemes to visit the house.

"The Storm."

As a harum-scarum child of nature, light-hearted and care-free, Blanche Sweet will be seen at the Alhambra on Monday and Tuesday, in the thrilling Lasky production of "The Storm," a Paramount Picture. The scenes of this unusual drama were laid in the Maine woods, and Miss Sweet is seen as a daughter of an absent-minded, retired, old professor.

How she falls in love—a cloud is cast over her life, only to be dispelled by the man her heart desires is unfolded and explained in an intense and interesting manner.

Miss Sweet is surrounded by a cast of famous players, headed by Thomas Meighan who recently scored such a success as leading man for Marie Doro in "Common Ground," and who is one of the most popular of the Lasky players; America's leading character actor, Theodore Roberts, and other members of the all-star Lasky organization including Richard Sterling and Chandler House are also included in the cast.

GEM

Sunday's Program.

Through the effort of the manager of the Gem theater the movie fans of Newark will have an opportunity to see some of the best known photoplay dramas. This theater offers for its entertainment every Sunday afternoon and evening a feature photoplay drama produced by the Ivan photoplay company. This company only makes one picture a month and has on its list of players some of the most noted stars in the picture world. Some of the coming productions by this company are: "The Padded Flower," featuring Marguerite Snow, "Her Surrender," featuring Anna Nilsson, "The Immortal Flame," featuring Maude Fealy and "Her Husband's Wife," Mignon Anderson is featured in "The City of Illusion," the first Ivan picture, which will be shown at the above theater Sunday.

About the only exercise some people seem to take consists of running into debt.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 40c and 25c per box. All druggists.

Y. W. C. A. Notes

Miss Constance McCorkle, the industrial secretary of the Ohio and West Virginia field is the guest of the Newark association for the week end. Miss McCorkle is known and admired throughout the city, having organized the Newark Association. She will lead vespers Sunday afternoon at 4 o'clock, and will be happy to renew old friendships at the social hour following her talk. Young women of Newark are invited to come and give Miss McCorkle a very hearty welcome at this time. The association has her only once a year and this is an opportunity to make her glad she came this way.

Thursday evening of this week at Taylor hall was held the second lecture in the joint series on Sacrament and Business Efficiency given by the Y. M. C. A. and Y. W. C. A. E. S. Randolph gave a very splendid address on "Business Principles Every Young Man and Woman Should Know." His suggestions were fine and splendidly helpful covering some very important phases

in business life. These talks are so practical and so tremendously worth while it is wondered that so few young people avail themselves of this splendid opportunity. Next Thursday Secretary F. L. Johnson of the Y. M. will give the talk on "Habits and Their Relation to Business Success."

On Monday evening, Oct. 23, at 7 o'clock the cooking classes open under the direction of Miss Mildred Robe. All young women who want to become more skillful in this very necessary accomplishment, come and join us. Good wholesome cooking and well balanced meals are essential to the making of a happy home. Let Miss Robe show you the latest things in this gentle art of pleasing. Hurrah for "gym." "Gym" who? Why, Y. W. C. A. Gym. Classes opened this week but not all the girls were there. Young women are urged to join the class which starts promptly at 7 o'clock, and there is something doing every minute of the time. Girls in business, home, factory and school, can't afford to miss these classes. Where there is a healthy body, there is a healthy mind. How about yours? And busy mothers and housekeepers have a class Thursday morning. Housework keeps some muscles, but not all in good condition. Come down to the Y. W. next Thursday morning at 9:30, and see if everything isn't brighter the rest of the week.

Children's classes Saturday morning, and there is no better place for your children, where good wholesome fun will be enjoyed. See that they are registered in a class.

On Monday of this week, Miss Mabel Ward, traveling student secretary for the field, was the guest of the association. She had attended the mission and Bible conference at Granville and was enroute to Columbus.

Mrs. Alice Reed McClure, twelve years a missionary in India and now traveling secretary under the student volunteer movement of New York City, was a guest of the association on Monday and Tuesday this week. Monday evening Mrs. McClure addressed the board of directors for a few moments at their regular monthly meeting.

Y. M. C. A. Notes

The limit in size of most of the gymnasium classes has almost been reached. The gym will hardly accommodate more than twenty-five in a single class. More than this number were in attendance at several classes the past week. Those of the business men and busy men who are assigned to regular periods are requested to observe the schedule and keep in their regular class.

All new members who have not yet come to the building to get acquainted should do this as soon as possible in order to secure the benefits from the opening weeks of the work of the association.

Mr. J. Goldstrom, who has roomed in the building for some weeks past while working for the Bargain shoe store, left on Monday for Pittsburgh, Pa., where he will be located temporarily.

The general secretary spent Wednesday night at New Concord where he spoke to the men of the Y. M. C. A. of Muskingum College. Every man in the college, 198 in all, belongs to the Y. M. C. A. Muskingum has a good college quartet. They want to come to give the "Y" boys an evening entertainment on Wednesday before Thanksgiving. Tell Assistant Secretary Kent what you will do to help.

The office force is busy preparing statements of amounts due November 1 on the subscriptions. Notices will be sent out early next week. It is hoped that they will get a willing and ready response. The finance committee is working hard to make every cent count and to reduce the debt as fast as possible. Later a carefully prepared statement of conditions will be sent to each contributor. With the help of all members and friends the Association will see the best year that it has had for some time.

The Delaware football team used the Association as headquarters last Saturday. This meant that the building was well filled with lovers of the sport. The calls for scores over the phone were so frequent in the evening that it took most of one man's time to answer. All are glad that Delaware's "big boys" did not score on Newark High. Newark's team is made up of a fine lot of young fellows and worthy of the best support.

Lodges

K. OF P.
Roland Lodge.

A good attendance was noted at the last meeting of Roland Lodge. One new application was received and referred to committee. Several important matters were taken up and discussed. Robert Scheffler was elected as outer guard, to succeed Clifford Bishop, who was advanced to inner guard on account of the resignation of Ernest Cornell. Next Tuesday evening lodge will convene at 8:45 in order to get through the regular routine business early to confer the Esquire and Knight Ranks. This is necessary on account of the candidate for the Esquire Rank being a traveling man and seldom at home on Tuesday evening. The Knight Rank will be conferred upon a class of four by the new team you have heard so much about. This announcement itself should pack the hall as the new team has been practicing for some time and is said to be composed of all stars.

A county meeting of all lodges in Licking county will be held in this city on Wednesday, Nov. 22, afternoon and evening. Newark Lodge, No. 13, will confer the Page Rank in the afternoon and Roland Lodge the Knight Rank in the evening. A supper will be served at 6 o'clock.

Newark Lodge.

The regular meeting of Newark Lodge, No. 13, held on Tuesday Evening was well attended by the members. There were several visitors. One application was voted upon and the applicant elected to membership. Five applicants in waiting were initiated in the mysteries of the Rank of Page in the new York. Next Thursday evening the Esquire Rank will be conferred on a class of Pages. The county convention will be held in Newark this year on November 22, with afternoon and evening sessions. Newark Lodge No. 13 will confer the Knight Rank in the afternoon and Roland Lodge No. 305 will confer the Knight Rank in the evening. There is some talk of having a parade on this occasion.

DAUGHTERS OF VETERANS.

Philomena M. Wehrle Tent 25, Daughters of Veterans met Tuesday evening. The President Mrs. Hickman presiding. Numerous calls on the sick and flowers sent were reported. Miss Durandt, Past Department President of Wyoming and Colorado was present and gave a talk on the work in that territory. Complimenting as well the floorwork of Tent 25. Comrade O. E. Hunt responding. Comrades Bigbee, Steel, Hoffer and Wilson also gave short talks. Tent 25 has been invited to be the guest of Lucy Webb Hayes Tent 29 of Columbus at their next regular meeting, October 26. Resolutions drafted by Comrade Steel thanking Congress-man Ashbrook for "Widows Pension bill" were adopted. The next regular meeting will be held October 24. State inspector will be present.

I. O. R. M.

Minewa Tribe met October 13. The degree team was on hand and the work was put in with a vim. After tribal business was completed, the Trige accepted the invitation of the Red Men of Zanesville to join them in a march and dance to be held in their city, October 27. The Chiefs degree will be conferred upon the class of new warriors next meet and a lunch committee has been appointed to serve the corn and venison.

MOOSE.

Licking Lodge met Wednesday evening. The routine business consumed considerable time. Sick members all were reported improving. A number of good talks were given. To take care of the applications for membership it was decided to open our charter for ninety days and put an organizer in the field. The entertainment committee reported will have a euchre party of Friday evening for members only.

I. O. O. F.

Oliver Branch Lodge, No. 34 met Tuesday evening. Only routine business was transacted. On next Tuesday evening our annual homecoming will be observed. Oliver Branch expects to have Dr. W. H. Richards of Dayton, Ky., present to deliver an address.

MODERN WOODMEN.

The regular meeting of Cedar Camp No. 4727 M. W. of A. held Wednesday night was a hummer, there being 95 members of the Camp present. Two applications for beneficial membership were voted upon. The Escort found waiting Henry R. Couch, Jas. H. Finley, Wynn W. Littleton, John F. Mullenx and Henry Fenneke who were admitted and regular adopted members of Cedar Camp. The work was put on in a very pleasing manner. Good talks were forester team gave a short drill. The refreshment committee had genuine turtle soup with all the trimmings as a special feature of the social session. The meeting Wednesday night opened the fall and winter campaign for new members. Next month the refreshment committee promises something good to eat and the work will be put on.

K. O. T. M.

At the last review of Octagon Tent Oct. 12 Great Record Keeper Geo. H. Scott and Great Medical Examiner C. W. Childster were present to talk over the S. and A. Department of the order. Mr. Scott also spoke of two new plans of Life benefit certificates. One application was presented and the applicant elected to membership. Sir Knight Henry Dry who died a few days ago has been a member for 17 years.

attendance is on the increase as well as interest.

Last Sunday evening the Council attended the Maple Avenue Christian Union church where a fine program was enjoyed by a large audience. The speakers included Hon. J. H. Arnold, lieutenant governor of Ohio and Attorney A. S. Mitchell. Both spoke along the line of good citizenship.

Sunday, Oct. 29 the Council will attend the same church for its memorial day services.

L. O. T. M.

White Carnation Review, No. 68. L. O. T. M. met Wednesday afternoon. The Review was honored by having present Mrs. Davidson of Nelsonville. The members received many good suggestions from her. The sewing circle will meet Friday afternoon, Oct. 27 at the home of Mrs. Friend in Moulh street.

American Yeomen.

Tuesday evening, Oct. 24th, Homestead No. 3278 will hold a Children's Festival, at the hall. A program will be rendered and refreshments served. All members, their families and friends are invited.

Readers' Viewpoint

Drinking.

Editor of the Advocate.
I am sending the following extract from "The Milwaukee Young Men" and ask you to publish it in your paper:

"If you must drink, do it this way. Start a saloon in your own home. Be the only customer, (you'll have no license to pay.) Go to your wife and give her \$2 to buy a gallon of whiskey, and remember there are sixty-nine drinks in a gallon. Buy your drinks from no one but your wife, and by the time the first gallon is gone, she will have \$3 to put into the bank, and \$2 to start business again."

Should you live ten years and continue to buy from her, and then die with snakes in your boots, she will have enough money to bury you decently, educate your children, buy a home and lot, marry a decent man, and quit thinking about you entirely."

All Newark Men Notice.

Today is positively the last reg-
istration day, but the polls will be
open until 9 o'clock tonight. Unless
Newark voters registered on one of
the three registration days this
month he must register tonight in
order to vote November 7. Regis-
tration of Newark voters previous to
this month does not count. If the
reader has registered let him re-
mind his neighbor of the fact that
tonight will be his last opportunity
before election day.

Thank You.

"Please send me The Daily Advocate
for enclosed remittance. I have
war on, without it, today."

Troops of the central powers have
crossed the railway running be-
tween the Black sea port of Ce-
stanza and the river Danube at
point to the east of Murfatlar. It
war office announcement says.
Fortress of Constanza was taken
German and Bulgarian troops.

On the left wing of Field Marsh-
von Mackensen's army, the stat-
ment adds, the Germans and the
allies are approaching the Danu-
b of Tchernavoda.

Attacks launched by British air
French forces against the Germa-
positions between Le Sars and Ra-
court, in the Somme region were re-
pulsed yesterday with sanguinary
losses, says the official statement is-
sued today by the German army
headquarters. On the north bank
of the Somme, the tremendous arti-
lery battle was continued yesterday.

During the night the German
withdrew their line of defense north
of Chaumes, south of the river Som-
me, the German official statement
adds, to a prepared position in the
northern part of Chaumes wood.

Constanza was one of the principal
objectives of Field Marshal von
Mackensen in his campaign in Do-
brudja. It is of particular impor-
tance by reason of the fact that it is
the eastern terminus of the only
railroad between the Black sea and
the Danube, which it crosses at
Tchernavoda. Thence the railroad
runs westward into Old Rumania.

Von Mackensen's new campaign
in Dobrudja was begun only last
week, on Oct. 19, when an offensive
along the entire line from the Black
sea to the Danube was opened.

Constanza has been notably useful
in offering a seaport and railway
terminal for the Russian army.
Police Court.

Four plain drunks were each fined
\$5 and costs in police court this
morning.

The Man From Texas.

An aged man from San Antonio,
Texas, who formerly resided in this
city, became unruly last night in
true border style. He refused to
leave a taxi cab in which he was rid-
ing and the police were called into
the affair. This morning he was
fined \$5 and costs on a charge of be-
ing drunk.

Will Bring Band.

Word from the camp of the Bar-
rack's football team of Columbus,
today, was to the effect that in ad-
dition to the 75 uniformed soldiers
who would accompany the Barrack's
team, the Barrack's band will also
come to Newark Sunday for the big
McDaniel-Barracks game, at Wehrle
park.

Discharged from Hospital.
Mrs. Edward Randolph, who has
been confined to the City Hospital
for the past several weeks, following
an operation, was removed from the
hospital to the B. & O. station today
in Bazler's ambulance, and placed
aboard a train for her home in Som-
erset.

Leg Injured.

James Lovejoy, employed at the
water works station suffered an in-
jury to one of his legs yesterday af-
ternoon, while working around one
of the new boilers being installed at
the plant. He was removed in Brad-
ley's ambulance to his home, 113
West Railroad street, where he was
attended by Dr. J. G. Shiner.

Political Debate.

M. R. Scott and a member of the
local Socialist party will hold a de-
bate in the O. R. C. Hall over the
Great Western clothing store in
South Park Place Monday evening at
7:30 o'clock. Mr. Scott taking the af-
firmative of the question. Resolved,
That the welfare of the producing
class of the American people de-
mands the re-election of Woodrow
Wilson, rather than A. L. Benson.

Miss Linehan Improving.

Miss Josephine Linehan, sister of
James and Dennis Linehan, who has
been quite ill for some time at her
home, corner of Sixth and Locust
streets, is reported as rapidly con-
valescing.

Won Another Race.

Mayona, the consistent little bay
mare owned by Ben B. Jones and J.
M. Farmer of this city won another
race at the Wellston fair Thursday
when she beat a large field of horses
in the 2:18 trot and took first
money. She was driven by Clay
Montgomery of Alexandria. This
makes seven first monies, three sec-
onds, one third and one fourth that
Mayona has captured this season.
She will be brought to Newark and
wintered for another try next season.

when great things are expected of
her.

Music for Elks.

The German band which has been
playing on the streets of the city for
the past couple days has been en-
gaged to give a concert at the Elk
club rooms this evening from 8 until
10 o'clock. James R. Cooper will
also give a reading and a patriotic
address will be delivered by Exalted
Ruler Walter Daugherty.

Attending Campfire.

Members of Company B, Old
Guard of this city are in Mt. Vernon
this afternoon as guests of comrades
of the Grand Army, and are enjoy-
ing a campfire and telling reminis-
cences of army life. They will also
enjoy a fine chicken dinner which
the good ladies of Mt. Vernon will
prepare for their special benefit.

Burroughs Nature Club.

The Burroughs Nature club will
have their field walk tomorrow
leaving Third and West Main streets
at three o'clock. The regular meet-
ing will be held Tuesday evening at
Masonic Temple.

Taken Home Today.

Mr. Fred Schoenberg, who was op-
erated upon for appendicitis at the
City Hospital, was brought to the
home of his father, Michael
Schoenberg in Hudson avenue, to-
day, after being confined at the
hospital for a period of four and a
half weeks. Mr. Schoenberg is
rapidly convalescing. His legion of
friends trust that he will soon be
able to be out.

BOWLING TOURNAMENT.

Approximately 300
teams will enter the 1917 state bow-
ling tournament to be held here Febru-
ary 7 and 8 according to members
of the executive board of the Ohio
state bowling association who met
here yesterday and made arrangements
for next year's meet.

FRANKLIN

Mrs. F. C. Osburn and Mrs. Carl
Ritchey were in Cincinnati several
days last week attending the Wom-
an's Home and Foreign Missionary
Society of the Miami Synod of the
Lutheran church.

Paul Gregg of Madison township
and Miss Florence Hazlett, daughter
of Mr. and Mrs. A. J. Hazlett were
married Tuesday afternoon and went
to Columbus to visit friends.

Some 30 members of Franklin
Grange attended Pomona Grange at
Vanata last Saturday.

Quite a number of teams were
engaged Wednesday in hauling ma-
terial from Newark to construct
concrete steps and walks in front of
the Lutheran church.

Among those who motored from
here to the Lancaster fair last week
were Herman Exler, Mr. and Mrs.
W. Hunter, Miss Grace Walters,
Mr. and Mrs. J. A. Swisher, Mrs.
Martha Rutledge, E. W. Rutledge,
H. S. Irwin and family, H. A. Coop-
er and family, Mr. and Mrs. J.
W. L. Motherspaw, Miss Helen Evans
and F. M. Dusthimer and fam-
ily.

D. E. Dusthimer has purchased a
new Buick Six to replace the one
that was wrecked.

The annual election of officers for
Franklin Grange will be held on
Thursday, Nov. 9.

Regular services at the Lutheran
church next Sunday morning at 10
a. m.

The teacher and pupils of the
Lutheran school have purchased an
organ to assist in the music.

New libraries will be secured for
the schools of this township in ad-
dition to those already in use.

have a hard schedule this fall, but
the team looks stronger than for sev-
eral seasons past.

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant relief with small trial bottle
of old, penetrating "St.
Jacob's Oil."

Rheumatism is "pain" only.
Not one case in fifty requires in-
ternal treatment. Stop drugging!
Rub soothing, penetrating "St. Jac-
ob's Oil" right into your sore, stiff,
aching joints, and relief comes in-
stantly. "St. Jacob's Oil" is a harm-
less rheumatism balm which never
disappoints and can not burn the
skin.

Limber up! Quit complaining! Get
a small trial bottle of old, honest
"St. Jacob's Oil" at any drug store,
and in just a moment you'll be free
from rheumatic pain, soreness and
stiffness. Don't suffer! Relief
awaits you. "St. Jacob's Oil" is just
as good for sciatica, neuralgia, lum-
bago, backache, sprains. — Adver-
tisement.

SEES TRADE FIGHT AFTER WAR IS OVER

John Barrett.

"American bankers, manufactur-
ers, exporters and shippers will act
on false promises if they think the
European nations engaged in this
conflict will not be able to give them
the keenest kind of competition im-
mediately after the war is ended,"
says John Barrett, director-general
of the Pan-American Union, who has
just returned from a tour of the
allied nations where he went to ascer-
tain the war's effect upon the com-
mercial development of the various
American republics.

Quite Naturally.

FEDERAL LABOR DEPARTMENT TO AID NIGHT CLASS

Registration for admittance to the class of the Newark night school course, of the Newark High school, can be made from 8 a. m. to 8 p. m. Wednesday, October 25. Anyone wishing to secure information concerning the fees for attending the school, are requested to phone Superintendent Wilson Hawkins, of the local schools, or the Chamber of Commerce.

The United States department of labor has promised to furnish to Superintendent Hawkins, the names and addresses and history of all the aliens in Newark, who have declared their intention of taking out citizenship papers.

This department will work in conjunction with the local school officials to further promote interest and to educate the foreign born in the method of securing citizenship. Examiners of the department will make frequent talks to the pupils of the night school along this line.

More than 650 towns and cities in 44 states last year co-operated with the department of labor, in this work and a larger amount will be lined up in the work this year.

The night school not only appeals to the foreign born, but enables those children whose education have been interrupted by having to go to work, to secure that missed in the common schools.

"GLUES" AT PARTY APPETITES HEARTY

In Secret Conclave, Ohio They'd Save—Smiles Adorn the "True" and Brave With Thoughts of Jobs They Crave.

Columbus, Oct. 21.—Only forty-eight hours after the treasurer of the Republican state executive committee returned from New York with what Frank H. Hitchcock called the "distribution," the so-called True (or Glue) Democracy held its meeting yesterday.

Chairman Crawford, who used to be a regular Democrat until he was separated from the pay roll under the administration of Cox, decided it would be fine to have a little party. Accordingly, he asked all the "Trues" who had railroad fare to come to Columbus—lacking the fare, to walk, but to get to Columbus.

Managers of the "Glues" said they had 107 present, but a count failed to disclose more than 60-odd. It was a well-appointed lunch, and Chairman Crawford presided with easy Adams county grace at the head of the table, and asked all the boys, in this gracious way, to eat heartily. Everything was paid for.

So it didn't cost anybody anything and the food was real good, too, and the waiters gave everybody a second helping if they cared for it.

After luncheon had been served and the leaders had figured out what the finger bowls were for—that is, some of the "Trues" who do not often get to the city—Chairman Crawford led the grand march to the fourth floor, where, he said, the fellows might inspect his bedroom and drawing room. Here Crawford and Rev. Frank Richards, who is a fire marshal under Willis, were graciousness itself.

Then, too, Mr. Crawford opened a box of cigars. The meeting then adjourned to the sixth floor, where Mr. Crawford said there was private business to attend.

Later it was said that it was merely an organization meeting. It was admitted that Wilson is very strong in every district represented and is likely to sweep the state. The "Trues" said they had no particular objection to this, except they feared that other Democratic candidates may be elected. The claim was given out that 60-odd counties already are organized. After hearing all the reports the meeting dwindled, as "Trues" caught the evening "locals" for home.

All were given bundles of "little red books" to distribute, and they promised to get busy. After the meeting Senator Potting of Akron, who became very angry with Cox when he refused to enact certain legislation, said he proposed to address a meeting in Cincinnati and expected to fill it, too. It also was regarded as a distinct gain when it became public that Willis would be supported by Colin C. Meekison of Henry county, whose dealings with referendum matters caused much comment a few weeks ago.

FRIEND OF LATE HARRY S. FULTON IN CITY TODAY

J. H. Dillon of New York, a noted newspaper man, who formerly was employed on the leading metropolitan dailies, was a visitor in the city today, guest of Manager George M. Penberg of the Auditorium theatre. The two having become warm friends when Manager Penberg had a booking of office in New York.

Mr. Dillon also was employed as an editorial writer on the Chicago Times and worked in conjunction with the late Harry S. Fulton of this city on that paper. Later job became affiliated with theatrical ventures of national reputations. Mr. Dillon was here today as the special representative of Joe Webster, who is bringing the season's sensational musical comedy success "The Only Girl" to this city for Wednesday evening. Nov. 1st. Victor Herbert composed the music, Henry Blossom wrote the book and lyrics and Joe Webster made the production. That is recommendation enough for Newark theatre patrons. "The Only Girl" ran for one solid year at the Lyric theatre in New York and Newarkites will be among the first to enjoy the big musical treat of song and laughter.

REV. E. N. KRAFFT TO BE INSTALLED AS PASTOR HERE

Rev. Jacob Diegel of Massillon, president of the Ohio District of Evangelical Synod has authorized the installation of Rev. E. N. Krafft of Chicago, as pastor of St. John's church. Rev. R. R. Fillbrandt of Zanesville will act as installing officer for the synod. Rev. Krafft is one of the younger Evangelical pastors. His studies for the ministry included several years at Olmsted college, completing at Eden Seminary. The father of the present pastor served the larger German congregations of Chicago and also was director on the national board of the Evangelical synod. His brother, Rev. Frederick Krafft is pastor of the large and beautiful German Bethany church of St. Louis.

Rev. Mr. Krafft comes to Newark highly recommended and in his short time in Newark has already assured the success of the work upon which he has entered.

COMMITTEE ON TRAFFIC STUDIES FREIGHT TARIFFS.

The traffic committee is receiving copies of tariffs and other reports from the B. & O. and Penna. Rys. to assist them in studying the traffic needs of Newark, the committee now has nearly a dozen members, who meet every Tuesday at 5 p. m. and give an hour to making themselves conversant with the best methods in handling shipments of their products. They are gathering data from traffic bureaus of other cities and thus taking advantage of researches that have been made in past years. The railways have signified their willingness to be of assistance to the committee in every way for mutual building up of traffic business.

NIGHT SCHOOL ADVERTISED WITH SHOP POSTERS.

Picards calling attention to the proposed public night school were today posted in industrial plants, stores and other public places by representatives of the Chamber of Commerce which is very much interested in the establishment of such a school. The placards state that any person may attend this school who is over 16 years of age, whether married or single. Applicants are informed that they must register at the office of the superintendent in the high school building between 8 a. m. and 8 p. m., Wednesday, October 25.

The newly created educational committee of the Chamber of Commerce is working to make the school a success and is enlisting the assistance of leaders among the foreign-born residents to induce them to take advantage of the naturalization training that will be given.

"DOC" ABBOTT IS HAVING TROUBLE WITH BROKEN LEG

Coshocton, Oct. 21.—Charles Abbott who suffered a broken leg while fighting the fire at the Hanley mill Monday night is suffering great pain from the injured member. The bone was splintered and it may be necessary to operate on the leg and remove the particles. It had not been decided last evening just what would be done. Abbott is confined to his home on South Seventh street, but may be removed to the city hospital.

INDUSTRIAL ZONE MAP IS COMPLETE; IN C. OF C. ROOMS.

The Chamber of Commerce has hung on its walls in the Hunter-Baker Bldg. a large map of the Newark industrial zone. It shows a territory 7 miles long and 2 miles wide. On the map plainly indicated the large manufacturing plants and other points of industrial interest. The map was drawn by S. B. Sheppard, Civil Engineer and is one of the largest and most complete ever made of Newark and its environs.

WELSH HILLS

Miss Dorothy Jones, who is attending schools at Baltimore, Ohio, spent from Thursday until Sunday at the home of her parents here.

Rally day at the church Sunday, was well attended. Mr. Baker the pastor had charge of the morning meeting, after which a bountiful repast was served to all present, then a short time was spent in a social way. Dr. Stull of Newark was present and delivered one of his able sermons in the afternoon. So the day was spent in a very interesting and profitable way.

Mr. and Mrs. Frank Leese of Newark and Mr. and Mrs. Alex Carlisle and granddaughter, Ethel Carlisle, motored to Utica, Sunday and spent the day with Mr. John Carlisle and family.

Mrs. Thomas Philipps and son Samuel of Baltimore, Ohio, spent a few days last week with her parents Mr. and Mrs. Thomas Evans.

Mr. and Mrs. Ronald Claggett of Newark, spent Sunday afternoon at the home of their Uncle, A. W. Claggett.

Harold Jones of Kenton spent a few days last week with his sister, Mrs. Archie Hankinson.

Mrs. Esther Williams who has been quite ill for the past two weeks, is still getting weaker.

Mr. and Mrs. Lake of Newark are spending a few days with Mr. and Mrs. A. W. Claggett.

Friends and neighbors here are glad to know that Mrs. Simon Jones, who underwent an operation last week is improving nicely.

Mrs. William Hankinson and daughter, Mrs. Thomas Evans, was in Newark shopping, Tuesday.

Mr. Harvey Jones of Columbus, spent Wednesday with his brother, Ben Jones.

FOR COUNTY TREASURER
Second Term.

Vote For
WILL H. MILES

In November 1914 Will H. Miles was chosen by the voters of Licking county to be county treasurer for a term of two years and on the record he has made in those two years he now seeks re-election for a second term.

He was born and reared on a Licking county farm in Mary Ann township.

He was educated in the schools of the county being a graduate of the Hanover high school.

For a number of years he taught in the rural schools and later served as Superintendent of the St. Louisville schools. His experience as farmer, teacher, business man, combined with his knowledge of the office of county treasurer qualifies him for the duties of the office, beyond all competition.

If Will H. Miles is chosen by the vote of the county to be treasurer for a second term, the tax payers are assured of the same courteous treatment and high class service that has always distinguished this office.

By honest work and strict attention to duty Miles has placed himself in the position he now occupies. He is no experimenter. If efficiency is any consideration vote for Miles and make no mistake. 10-7 Sat. 5t
